

Chapter: 2265

And this person did not dodge when a car was hit at a high speed, and was hit hard, but this person was unharmed. Instead, the car was hit and flew, causing the surroundings to exclaim.

Some people appeared directly in the air and fell down.

If it is an ordinary person, falling down in the air, it must be smashed to pieces, but for the strong of the gods, it is not a problem at all.

In the martial world, people like Bu Jingyun and Sakyamuni also returned to their sects one after another and began to keep their peace.

At the same time, many people watched the secret realm fruit list, and they found that most of them had returned to the earth, and their names on the list turned gray.

However, there are still two people whose names are always on, namely Lin Ziming and Xiaoyao King!

Now on the list, after their names, one person shows an '8', and the other shows a '7'.

This means that Lin Ziming now has 8 fruits, while Xiaoyao King has 7 fruits.

"Look at it, except for Lin Ziming and Xiaoyao Wang, all the other super arrogances have come out! What's the situation?"

"Could it be that the two of them had an accident in the secret realm?!"

"How is this possible, Xiaoyao King is the number one super arrogant in the immortal list. He has been an invincible existence for so many years. He is the most powerful among all the powerhouses in this secret realm! And that Lin Ziming, too Not to be underestimated..."

"Then why did the other super arrogances come out, but the two of them didn't come out?"

"In my opinion, they should be challenging ten fruits, so one person got eight fruits, and the other person got seven fruits and none of them came out!"

"Heh...ten fruits, this is the limit that can be reached in theory. For so many years, no one has ever succeeded. He will burst into death every minute!"

"Yeah, these two people are too big. When the ten fruits are swallowed and burst directly, it will be a big loss."

For a while, there were lively discussions all over the world.

Because they all knew, all the other Super Tianjiao came out, leaving Lin Ziming and Xiaoyao King still inside.

They all wanted to see what was going on inside, or maybe, the two of them met now!

If you do, it will definitely be Mars hitting the earth, and the most violent spark will come out!

It's a pity that Lin Ziming and King Xiaoyao are both in the secret realm,

but they are on the earth, you can't even see them if you want to!

After Bu Jingyun and Sakyamuni and other super powers returned to their respective sects, they were all entangled. They asked what was going on in the secret realm, why they didn't come out with Xiaoyao King, Gong Chunqiu and Fatty He What happened to the death of the thin man?

They didn't conceal what happened, and they told the story. When they heard that, Lin Ziming was killed by himself. They couldn't help but take a breath, and their impression of Lin Ziming was even more different. Up.
