

Chapter: 2278

The shot of Xiaoyao King directly caused the earth to shake, and he just stepped forward easily, causing an earthquake!

The whole land under his feet really shook, causing the surrounding trees to shake desperately, and the leaves and fruits on the trees fell madly. It was as if the earth was shaking and bursting out. Out of the extremely terrifying power.

Although the audience was over a hundred kilometers in radius, only Lin Ziming and him existed, but even so, those on the earth, sitting in front of the computer and watching the live broadcast, took a breath after seeing this scene. , I can clearly feel that the fierce aura exuded by Xiaoyao King at this moment, especially the movement created by Xiaoyao King's shot, has surpassed most people's imagination!

Even those who have already known King Xiaoyao, heard about the name of King Xiaoyao, and already know that King Xiaoyao is very powerful, at this moment, after seeing King Xiaoyao take action, they can still feel it, this moment of Xiaoyao Wang strength is too terrifying!

Even if it was a live broadcast, it seemed that it couldn't bear the power displayed by Xiaoyao King at this moment, and it shook fiercely.

It is this kind of shaking that adds to their awe of Xiaoyao King even more.

In their opinion, Lin Ziming must be dead, and it will be the kind of tragic death, there is no room for resistance at all!

In Heaven Killing Sect, after seeing King Xiaoyao take action, many disciples were cheered up.

"Hahaha, Senior Brother Xiaoyao's magic skills are condensed. This Lin Ziming is really a fool. He actually watched Senior Brother Xiaoyao gaining momentum. This time Lin Ziming must be dead, dead!"

"That's natural, and we don't look at who Brother Xiaoyao is, and Lin Ziming is just a dude who is held up by the Chinese nation in the world. Is it comparable to Senior Brother Xiaoyao? Just look at Senior Brother Xiaoyao. How to slay Lin Ziming severely in front of all the people in the world!"

"Yes, this way, when we attack the world, we will do more with less, hahaha..."

At this moment, because of Xiaoyao King's shot, Lin Ziming really felt a huge crisis. It can be said that Xiaoyao King is the most powerful opponent he has encountered since his debut for so long!

At this moment, Xiaoyao King's strength was even a little higher than him.

He is very difficult to defeat, he knows this.

But because of this, it makes more sense!

Lin Ziming knew well that his battlefield was not in the secret realm, but returned to the earth. That was his main battlefield.

He knew that Xiaoyao King wanted to kill him, and also wanted to kill him

to severely suppress the arrogance of the world, but why didn't he think so? Seeing that the martial world is about to attack the secular world, and Xiaoyao King is the representative of the entire martial world. If he can kill the Xiaoyao King in the secret realm and step on the body of the Xiaoyao King, then this is for the martial world, It is also a huge blow!

Especially the blow to Tianzongzong, it was even greater.

Although, he also knew that if he did this, it would attract the chase of the Heavenly Slaughter Sect, but what about this? Lin Ziming made his debut like this, and who was he afraid of?

It's too late to say, then fast.

Lin Ziming's thoughts just flashed, and Xiaoyao King had already arrived in front of him.

The speed was so fast that even Lin Ziming felt a trace of pressure, and the speed of Xiaoyao King was far beyond the speed of sound. When Xiaoyao King arrived in front of him, the sound of the sonic boom did not even reach his ears. .

It was also when Lin Ziming slapped Xiaoyao King's ground punch, and there was a booming sonic boom in his ear!
