

Chapter: 2292

Nishang is the calmest of the three. She immediately thought of something and asked: “Fei Fei, is it your father, who is very powerful, even surpassing the ordinary power of the gods...Moreover, it is still From among the four martial arts?!”

Following Nishang’s words, Chu Fei’s body trembled fiercely, and her face became paler. It was not pale anymore, but turned blue.

As for Tao Sanniang and Qin Huayue, they were also visibly stunned, Chu Fei’s biological father actually has such a big background?

Their first reaction was that it was impossible, because in their understanding, if Chu Fei’s biological father was really so powerful, then how could Chu Fei be lost in the world and become the daughter of the Chu family. Moreover, after so many years, with the strength of the four sects, Chu Fei should have been found long ago.

As a result, I haven’t found Chu Fei for so many years. Chu Fei is more than 20 years old, and her appearance and childhood must have undergone tremendous changes. How can Chu Fei’s biological father accurately find Chu Fei?

However, they thought about it carefully and found that it is still very possible, because Chu Fei’s situation is different from that of ordinary people!

Qin Huayue said softly: “Feifei, tell your mom, who is your father? Is it the top of the four main schools?”

Chu Fei bit her lip tightly and did not speak, but her reaction, even if she did not speak, actually told Qin Huayue the answer.

Nishang’s analysis is good. Chu Fei’s biological father is from the four major sects, and from this point of view, the background is not small!

Tao Sanniang said quickly: “Feifei, don’t worry, even if your father is a big figure among the four sects, it doesn’t matter. Anyway, you are his biological daughter. Your father will definitely not hurt you, and We are also your relatives, and I believe your father will not embarrass us...”

Chu Fei shook her head, pain flashed across her face, and said, “No, you don’t know him, he is not such a good talker, he...”

Suddenly, when she was talking about this, her face suddenly changed, her originally pale face appeared in panic, and the whole person began to panic, and quickly said: “No! He’s here, he’s here! Go! You guys go!!!!”

The way Chu Fei looks now is really too scary. It’s like seeing a devil. They have known Chu Fei for a while, but they have never seen Chu Fei like this. he came? Who is coming?

Soon, they realized that what Chu Fei said must be Chu Fei’s biological father.

However, since she is her biological father, why is Chu Fei still in such a

horrified look, and she is pushing them so that they can leave quickly.

“Feifei, let’s not leave, I want to see, your biological father, why should he treat you like this!”

Tao Sanniang gritted her teeth and said angrily.

She is really fed up with Chu Fei’s father. It’s horrible. As a biological father, she doesn’t have the duty to be a father. It’s fine to abandon Chu Fei when she was very young. Now so many years have passed. It is really hateful to be so mean to Chu Fei!

It is said that tiger poison does not eat children, but Chu Fei’s father is really hateful and hateful!

When Qin Huayue saw Chu Fei’s appearance, she also became angry, and snorted fiercely, “Fei Fei, don’t be afraid, there is a mother here. Mom wants to see, what is your father? How sacred, dare to do this to you!”
