

Chapter: 2295

No, it can't be described as a super hero, but a fairy-like existence, and its strength can be one of the best in the world. Even the holy king Luo Tian is not an opponent of Tian Jue!

Now, she was really scared.

Qin Huayue found her reaction and asked softly: "Nishang, do you know this man?"

Nishang's face became extremely serious, and at the same time he showed some wry smiles, "I don't know him, I just saw his portrait...but I never thought that Sister Chu Fei's biological father would be him. , This is incredible!"

Qin Huayue was surprised when she saw the appearance of neon clothes. She knew the character of neon clothes very well, and she was a person with strong psychological quality. Not to mention that Taishan collapsed before the same color, but it is not easy to be shocked. And now the reaction of neon clothes was unprecedented shock, so she continued to ask, "Who is neon clothes."

Nishang took a deep breath, retracted his gaze from Tian Jue, and said in a low voice: "Auntie, this man is the Sect Master of the Heavenly Killing Sect. The man in charge of the entire Heavenly Killing Sect, Tian Jue."

"what?!"

When Qin Huayue heard these words, her reaction was no better than that of neon clothes. She also opened her eyes wide, with an unbelievable look!

Oh god!

What kind of person is this? Although Qin Huayue has not heard of it, and it has been a long time since he walked around the rivers and lakes, but for this name, she is quite familiar.

If Xiaoyao King is just a legend, then Tianjue is almost a myth!

It is because of the existence of Tian Jue that Tian Slaying Sect's strength is so strong that it can secure the first position of the four major sects.

Moreover, I heard that the realm of Tianjue has reached the third stage of the Tongshen realm, which is a realm that can disregard the world. From a certain perspective, this is a true god.

Except that Tianjue's life span cannot be as infinite as the gods, in other respects, what is the difference between him and gods? On earth, he cannot go anywhere, and there is no one who can't kill, and there is nothing. One can not fear him.

And such a fairy is actually Chu Fei's biological father, and her Qin Huayue's relatives?

To be honest, at this moment, Qin Huayue even felt some absurdity and some unreal feelings.

Tao Sanniang has never heard of who Tian Jue is, but she has seen the

reaction of Nishang and Qin Huayue, and she also knows that the man in front of him has a very different origin!

At this moment, Tian Jue had already come in completely. At the same time, he saw the remaining three women in the room. There was so much surprise in his eyes. He was somewhat surprised by the stunning beauty of Tao Sanniang and Neon Sang, but also That's it.

Soon, he set his sights on Chu Fei, his biological daughter, who had been missing for so many years, finally saw him.

And he breathed a sigh of relief, because he found that the "aura" on his daughter was still there, and no one had been taken away, which showed that the greatest value of his daughter was still there.

So he smiled, and while walking towards Chu Fei, he said: "Daughter, I haven't seen you for so many years, but my father almost didn't recognize you."
