

## Chapter: 2296

Tao Sanniang immediately stood in front of Chu Fei, glaring fiercely at Tian Jue, and cursed: "With me, you can never take Feifei away!"

Although Tao Sanniang was very scared now, she didn't shrink back, still bravely stood in front of Chu Fei.

Tian Jue turned his gaze on Tao Sanniang, but she didn't make sense, but she said to Chu Fei: "Daughter, you haven't seen you as a father for so many years. You have forgotten the etiquette. Hurry up and salute for the father."

When he said these words, his aura suddenly changed, becoming very majestic, so that Tao Sanniang who stood in front of Chu Fei only felt like a mountain was pressing on him. The same on her shoulders, not only made her body tremble, but she was about to lose her support, and she had to kneel down at any time.

However, even so, she still endured it, gritted her teeth, and refused to kneel down.

In fact, it's not just her, Nishang and Qin Huayue also felt the tremendous pressure at the same time, and felt a sense of surrender.

Especially when they know the identity of Tianjue, their fear and awe of Tianjue are even more profound in their bones.

After all, this is a character even more powerful than Saint Luo Tian!

Chu Fei took a deep breath, put her hand on Tao Sanniang's shoulder, and said softly: "Sanniang, you get out of the way. This is a private matter between me and him."

Tao Sanniang resolutely shook her head and said: "I don't care, if he wants to take you away and hurt you, he must pass my level!"

What she said was particularly firm, and Chu Fei was doubly grateful.

However, Chu Fei knew very well that in this situation, Tao Sanniang could not protect her, let alone Tao Sanniang, even if Lin Ziming was here, she could not be protected.

So she shook her head and said, "I'm having trouble, please let me go."

"Feifei..."

Tao Sanniang saw the determination in Chu Fei's eyes. She soon relented and gave way to her position, but she still said uneasy: "You must not go with him, you must not be hurt!"

"Well, I have a sense of measure."

Then she walked out and faced Tian Jue, the father who only existed in memory. She had no feelings for this father, but only infinite fear and disgust.

But she can't express this emotion now.

She obeyed Tian Jue's words, gave Tian Jue a gift, and said, "My daughter has seen my father."

Tian Jue saw her saluting and looked a little better, nodded slightly, and said, "Yes, it seems that your memory has been activated, and you know how to salute. That's good. I believe you also know your secrets. , This time for my father, I will take you away."

What he said was very plain, in his tone, but with irresistible.

Chu Fei shook her head and said, "Father, her daughter has started another life, and has no relation to her previous identity. Now her daughter's name is Chu Fei. Please also ask your father to be magnanimous and don't embarrass your daughter."

Chu Fei's remarks were very decent and affectionate. As long as she was an affectionate father, she would definitely not be embarrassed.

However, Tian Jue is not a warm father at all. His face suddenly became colder, and he said coldly: "Hu Hong, come here for my father this time to take you back. You are the princess of my Heavenly Sect. , Can't hang around in the world. Besides, in the future, the father will lead many schools to attack the world! You must follow the father today!"

He spoke very stiffly, and didn't give Chu Fei any room for excuse.
