

Chapter: 2300

After hearing these words, everyone finally realized that the Tian Jue in front of him, obviously, had an enmity with Lin Ziming!

It's just that they couldn't think of it, how could there be such a coincidence in the world, Lin Ziming actually offended his father-in-law?

Chu Fei quickly said, "My father, if you want to take me away, then go quickly!"

Tian Desperate to her, snorted heavily, and said, "Good daughter, it seems that you really have a deep love for this Lin Ziming. At this time, you are still defending him like this!"

"My father..."

Tian Jue didn't have a chance to talk to her, but coldly said to Qin Huayue and the others: "Very good, very good, you have fallen into my hands! This is also a good thing, so I can I can avenge my son."

After speaking this sentence, his aura suddenly changed. Obviously, he was about to start attacking Qin Huayue and the others.

For him, these people in front of him are all ants, including neon clothes, even if they are half-step through the gods, they are also ants in front of him, and they can be trampled to death with one foot.

Even if Lin Ziming is here, he is also an ant.

Nishang felt Tian Jue's murderous intent, and finally his face changed drastically, and he suddenly stood in front of Qin Huayue and Tao Sanniang, staring at Tian Jue.

Although she herself knew that in front of Tian Jue, she was completely blocking the car with a praying arm, but even so, she had to protect Qin Huayue and Tao Sanniang, and die in front of them.

"Huh! I don't know how high the sky is."

However, Tian Jue just snorted heavily, and he still didn't really make a move. Ni Chang's expression suddenly changed, followed by a wow, spit out a mouthful of blood, and the momentum on his body was also deteriorating and suddenly changed. Got decadent.

At this moment, she was terrified to the extreme. Tian Jue didn't even do anything just now. She just snorted, she couldn't bear it anymore, and she suffered a huge mental blow!

At this moment, she had already lost the ability to fight.

In the same way, Qin Huayue is now full of dignity, and at the same time she is also desperate. Under this situation, she is really helpless.

"relatives by marriage....."

As soon as she said what she said, she was directly interrupted by Tian Jue rudely, "Shut up! What qualifications do you have to be my Tian Jue's in-laws!"

When Qin Huayue heard this, she vomited a mouthful of blood, and the

despair in her heart became even stronger.

She knew that Tianjue was very powerful, but she also didn't think that she was so powerful that she could be seriously injured and lose the ability to fight back with just a rant.

In this way, she couldn't stop Tian Jue from taking Chu Fei away today!

However, even so, she still forcibly resisted the fear in her heart, looked at Tian Jue bravely, and said without humility: "I don't know why Sect Master Tian Jue, why did she forcibly take Chu Fei away, and still have such a big hatred with Lin Ziming. , Has Lin Ziming provoked you?"

Tian Jue snorted. For ants like Qin Huayue, he was disdainful to answer, but at this moment, he suddenly had the idea of explaining, and said coldly: "Lin Ziming, in the secret, Killed my son and grabbed the fruit with my eldest disciple. You say, what hatred do I have with him?"

"what?!"

After hearing this, Qin Huayue couldn't help being shocked!
