

## Chapter: 2303

They all entered a state of madness. They had been playing for a full twenty minutes, and they still had no chance of winning or losing.

Moreover, on them, there are already scars, and it is no longer as easy as it was at the beginning.

Even Lin Ziming's chest was full of blood, his upper body was torn to pieces, and many claw marks from King Xiaoyao were left on his upper body. It was shocking to look at. Especially on the chest, he was caught with five deep claw marks, which looked bloody. If he changed to a general warrior, he would have already died.

But for Lin Ziming, there is still no root to hurt him. Now he has not lost much of his strength. On the contrary, it has stimulated the bloodthirsty in his body even more, and his eyes have become a lot red. Continue to attack Xiaoyao King.

In the same way, Xiaoyao Wang's injuries were not much better.

The current King Xiaoyao had his left hand broken by Lin Ziming. Although he could still use it, he was obviously very inflexible and became a burden. In addition, his right foot was also a little stiff, and a lot of blood flowed out, but the blood was quickly sealed by himself and dried on his pants.

This is more than that, his hair is a bit scorched, and the whole person looks extremely embarrassed.

He has never been so embarrassed since his debut for so long, this is the first time!

To be honest, he is very angry, very angry, and also very helpless. In fact, Lin Ziming's opponent is too difficult to deal with, and his physical strength is like an exhaustion, continuously, and he can't beat Xiaoqiang.

He felt that his physical strength was somewhat exhausted.

Lin Ziming's physique has also reached the extreme level. He is now in that state of absolute calm, and all his pain sensations are covered by him. Now he is just a pure fighter machine.

He knew that he was in a very bad state now, and it had hurt to the root a little bit, but he still couldn't stop because he must defeat King Xiaoyao!

Only after defeating King Xiaoyao, did he have the leeway to pick the remaining two fruits, swallow them together, and step into the realm of Tongshen.

And once he stepped into the realm of the gods, his whole body would be washed once, and then these injuries would be healed by the fruit.

In the same way, Xiaoyao King also had such a plan. Now no matter how serious the injury is, it will be enough as long as they survive and win in the end.

So they didn't have any reservations, and they used 100% of their strength

to fight fiercely with each other. See who is the final winner!

It's tragic, it's too tragic.

At the same time, it is very exciting. On the earth, most of the people who watch the live broadcast are now dumbfounded and speechless. For them, they have never seen such a level of battle!

If it happened on the earth, then a town would have to be polished!
