

Chapter: 2310

If someone is here and sees this scene, they will definitely be frightened.

Including the masters of the God-Through the God Realm, seeing this situation, they will definitely be shocked!

Because they have all experienced this kind of change, after they swallowed the fruit, they would indeed go through some cutting and washing of the marrow. However, they had only a slight change. It was only in the meridians that the marrow was washed. Once again, where is it so terrifying like Lin Ziming?

Including Tian Jue, who was originally known as the son of Heaven's Choice, after he swallowed the seven fruits, he only changed a layer of skin. Even the skin and flesh were not changed. What's more, he was far from like Lin Ziming. Going through such a huge pain!

No, this is no longer a pain to describe, but torture, inhuman torture!

But isn't it? Now Lin Ziming, his body is still exploding continuously, it is really exploding, the flesh and blood are directly exploded, and then because of the powerful effect after swallowing the fruit, his vitality and blood are quickly condensed.

Over and over again, so over and over again.

Moreover, after a few minutes, what exploded was not just the skin and flesh on the surface, but his bone marrow, his neck, and even his head began to explode.

As it is now, his head immediately exploded, and his entire head was gone, and then quickly condensed!

This scene, it seemed, was too weird, too terrifying, and completely subverted everyone's cognition.

Fortunately, there is no live broadcast of this scene, otherwise after seeing these powerful people on earth, it will definitely cause huge waves, even fear, and treat Lin Ziming as a monster.

Isn't it? They have never seen anything like this before, and they have never heard of anyone who can survive the explosion of their heads.

This is no longer a human, but a monster!

The only people who can see this scene are the two people on earth, the armored man and the princess.

The strong armor man now looks solemn, shook his head and said: "One hundred fruits, the energy brought by is too huge, and it has exceeded the limit that Lin Ziming can hold. With the will of the people on earth, it is not at all. Perhaps the one who supported the past, this Lin Ziming, is afraid that he will be finished."

Indeed, what the armored man said is not nonsense. He is very clear about the power that these fruits bring, even if it is ten fruits, the energy it brings to ordinary humans is extremely huge. And a hundred fruits are simply not

something mortal can afford!

Let alone a mortal, even an extraordinary person like him may not be able to withstand the impact of a hundred fruits.

However, the princess just shook her head faintly, and said, “This is not necessarily true. Although Lin Ziming is a mortal body, as long as his will is firm enough to guard his heart, he can completely support it, and once he supports it, After coming down, then he is really reborn, he is no longer a mortal, and has the qualifications to seek immortality.”

Xunxian asked.

If someone hears this sentence, they will definitely be shocked!

For many years, immortal Dao has always existed in mythology. After so many years on the earth, there has never been a person who can seek immortality and ask Dao.

It's not that they don't have this will and sex, but that they don't have this channel at all, and they don't know where the way is.

Since ancient times, how many talented and horizontally powerful people have found that there is no way when they reach the realm of the gods. Even if they were invincible at the time, they can only slowly die of old age and turn into a cup of loess!

Died in pain with endless regret and despair.

But now, this woman who was called a princess said that Lin Ziming had the qualifications to seek out immortals and ask questions?
