

Chapter: 2312

This.....

Feeling the terrifying power in his body, even he himself was stunned.

He has never heard of a master in the realm of gods, can he be so much better than before the realm of gods?

Yes, if a master of the god-passing realm is really so much better than the half-step god-passing realm, then it is impossible for him to kill Adam and defeat King Shura.

But what is his current situation?

Although the fruit energy in his body is still not exhausted, he can already feel that his strength has increased by at least 30 times compared with before! To put it bluntly, if he fights Xiaoyao King again now, he will be able to poke Xiaoyao King to death with one finger in just one second!

As for a master like Adam, he could defeat him with no effort.

However, this is unscientific, why can his strength be improved so much?

Suddenly, he thought of something and understood.

This is why he swallowed enough fruits!

Now he thinks about it, he is really bold, he swallowed a hundred fruits in one breath, if this spread to the earth, it would definitely scare many people to death.

Taking a deep breath, he stood still.

Although his body is still exploding continuously, with his current flesh and blood body, he can completely resist it.

So it seems that he is just the sound of explosions constantly coming from his body, no longer like the beginning, his body and various organs are directly impacted by the fruit energy to explode.

Lin Ziming now knows that these fruit energies are actually cutting his hair and marrow, or to be precise, reshaping his body.

Now, his body is no longer that of a mortal.

In a sense, he can no longer be considered a human...

Lin Ziming himself could feel that not only did his body become stronger, but the biggest change was his life span, which was much longer.

He feels that if he is not beaten to death by a stronger powerhouse, he can normally live at least five hundred years!

Five hundred years, what is this concept?

If he was born in the Ming Dynasty, he can still live now.

But why does this happen?

After Lin Ziming felt this, he was ecstatic for the first time, but after that, he was a little bit jealous, even fearful.

In the midst of it, he felt that this world was not as simple as he imagined, and even he felt that there were still some unknown existences, with a pair of eyes, looking at him silently from behind... ..

Finally, after another two hours passed like this, his body was completely calm again, and there was no explosion.

This shows that the energy of the one hundred fruits has been completely absorbed by him.

Now he can easily squeeze the diamond into powder as long as he shakes hands casually.

This kind of power is no longer the power that mortals can possess.

But soon, he also showed a smile, although this trip to the secret realm, a lot of thrills happened, especially in the final battle with Xiaoyao King, he almost died.

Fortunately, he was the one who won in the end.
