

Chapter: 2316

I heard that the strength of the Jingwu Group is very good, and there are many masters gathered in it, especially the masters of the Jingwu Group. The strength is even more extraordinary, and it seems that it is about to reach the realm of God.

He had always wanted to come to this Jingwu Group for a while before, but he never had a chance.

Unexpectedly, today, under the circumstances, I met the eldest lady of the Jingwu Group.

It's really interesting.

And this eldest lady looks pretty good, she looks like she's still in college in her early twenties, she's pretty amazing.

Of course, Lin Ziming didn't have any interest in such a little girl, but he was still very embarrassed when he saw his whole body by the little girl just now.

"Are you the daughter of Chen Wu of Jingwu Group?" Lin Ziming said with a smile.

The eldest lady was stunned when Lin Ziming knew her father, and then increased her voice and said, "Yes, my dad is Chen Wu! His martial arts is very high. If you dare to bully me, my dad will definitely not let go. I've passed you, so you still don't do stupid things and get out of here quickly!"

Lin Ziming saw the appearance of the other lioness and found it a bit funny. He nodded and said, "For Mr. Chen Wu, I have always admired you. As his daughter, of course I will not embarrass you. It's just that I did come here just now because of some special reasons. Please don't tell me what I just said, okay?"

Lin Ziming's tone is very gentle now, just like the big brother next door, making the young lady's mood involuntarily relaxed a lot, and the hostility is also reduced a lot.

But soon after hearing these words from Lin Ziming, she thought of the picture just now. She was too ashamed to make her face flushed all of a sudden, sipped softly, and said, "Shameless, who I'll tell you about it, I don't want to lose face."

Although she said these words quietly, Lin Ziming still heard them clearly, and he was also very embarrassed.

Then he said to the other five bodyguards: "Dear friends, I came here by accident. I don't have any malice towards your eldest lady, and I don't have any disrespect to your eldest lady. Don't worry."

After a pause, he said again: "By the way, I wonder if you can borrow a set of clean clothes for Lin?"

Those bodyguards, after hearing Lin Ziming's words, their expressions were not relaxed. They were really afraid of Lin Ziming's strength. At the same

time, they were desperately analyzing Lin Ziming's identity and purpose, and why they appeared in Here, it's still like that, and it looks like a thief.

However, given Lin Ziming's terrifying strength, they did not dare to act rashly as before.

After thinking about it, the head of the bodyguard said: "I can lend you the clothes, but I want to know, what is your identity?"

Lin Ziming didn't know what he was thinking. He shook his head and said, "Knowing who I am is not good for you. You only need to lend me the clothes. Just treat today's things as if nothing happened."

When they heard Lin Ziming's words, they all fell silent and did not speak.

After looking at each other, the bodyguard leader began to ask his subordinates to take a set of clothes and threw them in front of Lin Ziming, and said, "You don't need to return the clothes. Please leave here as soon as possible."

Lin Ziming nodded and said with a smile, "Okay."

Then, after he picked up the clothes, he walked directly to the bathroom next to him.

After he entered the bathroom, all the bodyguards in the hall looked at the lady. After walking over, they said in a low voice: "Miss, are you okay? There are no beings..."

The bodyguard leader's words are here, and there is no way to go on, but his eyes flashed coldly. If the eldest lady is really tainted by the other party, then he must report the matter to Chen Wu, no matter what. What kind of identity is Lin Ziming? He must be chased after hiding at the ends of the world!
