

## Chapter: 2323

This can be seen from the father-in-law's surprised expression.

The father-in-law was silent, but Lin Ziming already knew. Without any hesitation, he took out the phone and started calling Tao Sanniang.

The phone was answered quickly, and a pleasant voice came from inside: "Ziming, is that you? Are you back?"

This voice was full of surprise and joy, but Lin Ziming soon noticed that Tao Sanniang had a little more guilty conscience after the surprise.

This further verified Lin Ziming's conjecture. Lin Ziming nodded and said, "Well, I'm back. Sanniang, where are you, can you come over to Yulong Bay?"

When Tao Sanniang caught Lin Ziming's tone, she became even more guilty and said, "Well, Ziming, I'm sorry, there is something on my side. I can't go away temporarily, I..."

Before she finished speaking, Lin Ziming interrupted her and said directly: "Sanniang, I know, Feifei is in an accident, who was she kidnapped by?"

Sure enough, Tao Sanniang had a great reaction after hearing this sentence. In Lin Ziming's place, she heard the sound of the phone falling, which shows how miserable Tao Sanniang is.

After a while, Tao Sanniang's voice came again, "There is nothing, Ziming, didn't Feifei go abroad? She will be back after a while, so don't worry."

After hearing these words from her, Lin Ziming didn't speak any more, but was silent and fell into absolute silence.

It was his silence that made Tao Sanniang even more guilty, and even more sad. She didn't know where, Lin Ziming must have known it, mostly Liu Suhong and Chu Huaxiong were exposed.

She sighed in her heart. She originally thought that this matter could drag Lin Ziming for a while, so it seemed that she had underestimated Lin Ziming's cleverness too much.

After a while, she broke the silence first and said softly: "Ziming, Feifei did something wrong, but you can rest assured that she will not be in danger of her life. It may not be long before she will come back by herself. ,so you....."

Lin Ziming interrupted her again: "Who is it?"

"Ziming..."

Lin Ziming raised his voice and attitude, "Sanniang, tell me who it is!"

Tao Sanniang could hear that Lin Ziming was really serious, and if she was still vague, then Lin Ziming would definitely be angry.

She also knows the feelings between Lin Ziming and Chu Fei very well.

However, she is really hard to talk about this matter. It is not that she wants to hide Lin Ziming, but that she knows the identity of Tian Jue. If Lin Ziming really goes to Chu Fei, then it is likely to be Take yourself in!

This is what Chu Fei and Qin Huayue both specifically explained to her. Hearing her silence, Lin Ziming smiled softly and said, “Sanniang, can’t you believe me?”

Tao Sanniang sighed and said, “Ziming, it’s not that I can’t believe you, but that the person who robbed Chu Fei was her biological father. Moreover, Feifei confessed before leaving that we must not Tell you.....”

Your biological father?

After hearing this sentence, Lin Ziming was immediately stunned.
