

Chapter: 2328

Lin Ziming said these words loudly, with a serious and confident expression like never before.

He is not bragging, but has such confidence and basis.

In the first place, he did swallow a hundred fruits. It can be said that he is unprecedented, and his strength can be said to be a hundred times higher than before!

Secondly, before he had gone to the secret realm, he had fought against King Shura and Adam, the masters of the god-passing realm. He knew how powerful the masters of the god-passing realm were, and he was already far more powerful than the ordinary. The master of the God Realm.

This is the source of his confidence!

He didn't believe it, could Chu Fei's biological father be the best in the world?

After Qin Huayue heard this sentence, she was also visibly stunned and called out in a gloomy voice, "Ziming, what did you say?! You swallowed a hundred fruits?!"

Not only Qin Huayue, but even Nishang's eyes widened, with an incredible look. Although she has never been to a secret realm, she also knows that the limit of human beings is to swallow ten fruits.

Moreover, this is still theoretically possible. Generally, those who go to the secret realm half-step through the spirit realm usually swallow three or four fruits. The most powerful one is Tian Jue. After swallowing seven of them, they have already swallowed them. Tian Jue has become a super strong in the world.

And Lin Ziming now says he swallowed a hundred?

This is a joke, it is simply impossible!

So Nishang's first reaction was that Lin Ziming was bragging. .

If Lin Ziming really swallowed a hundred fruits and exploded long ago, how could he still appear here.

Only Tao Sanniang didn't know the meaning of this sentence, she said: "Ziming, did you really swallow a hundred fruits? Then your current strength is stronger than those of the masters of the gods? Are you really capable of saving Feifei?"

She used the word rescue to expose Feifei's current situation, which is actually very bad.

Lin Ziming nodded and said, "Yes, my strength is very different now. So you can safely tell me where Feifei is and I will bring her back smoothly!"

Qin Huayue said at this time, "Ziming, are you sure you are joking? A hundred fruits? Are you sure you swallowed the kind of fruits mentioned in the book? You are not swallowing other fruits, right? "

Faced with his mother's questioning, Lin Ziming was also a little angry. He

smiled. He understood his mother's mood very well. Indeed, this message was a huge shock to anyone, and normal people would not believe it. .

So Lin Ziming patiently told them about the secret realm, because he knew that if he did not tell them his true strength, he was really capable of saving Chu Fei, they would not want him to take risks. of.

After listening to what he said, both Qin Huayue and Nishang opened their eyes again, feeling extremely surprised and shocked!

If it's another person, they won't believe it at all.

It's not that their ability to accept is not enough, but that this situation has greatly exceeded their cognition!

They come from the Luo Tian organization, that is, the Luo Tian faction. They have heard of many masters of the God-passing realm since they were young. They went to the secret realm and swallowed the fruit before breaking through to the God-passing realm. However, they all swallowed single-digit fruits, including the Holy King, they only swallowed six at first!

This is already quite remarkable.

And now, Lin Ziming actually told them that he had swallowed a hundred pills. What kind of concept is this!
