

Chapter: 2337

This is something that can't be tolerated for a proud person.

He smirked, "Hahahaha! Well, Chen Xuejuan, you dare to be so arrogant because you have a little white face to protect you, right? I will shoot this little white face to death now, let me see what else you have to say! "

After saying this, he couldn't bear it anymore and directly shot Lin Ziming. Moreover, this shot by him was not tentative, but directly intent to kill. It was a killer move. He poked at Lin Ziming's eyeballs. He wanted to live with Lin Ziming's eyeballs. Poke it out!

His speed can be said to be reaching the extreme, almost between the sparks of light and light, within such a short distance, there is no time of zero and one second, and his finger is already in front of Lin Ziming.

One inch more, he would directly gouge Lin Ziming's eyeballs.

He was bound to win this trick, and sure enough, Lin Ziming didn't react at all, standing there like a piece of wood, he was obviously frightened by him. However, at the next moment, he didn't have time to be happy, and he felt his fingers were clamped by a huge pliers, making him immobile.

This kind of change made him startled at once, and he reacted immediately. It turned out that Lin Ziming raised his left hand without knowing when, and grabbed his two fingers very easily.

Lin Ziming's strength was so great that he couldn't get in at all, as if it had been poured by cement.

But how is this possible!

He is a half-step master of the Divine Realm, he is the most powerful existence in the Divine Realm.

And the young man in front of him seems to be about the same age as him, how could he have such subversive strength!

He can't understand...

But then, the huge pain passed from his finger made him scream out screamingly.

"Ahhhhh..."

I saw that after Lin Ziming grabbed his two fingers, he began to exert his strength, pressing his fingers down continuously, and also made a loud noise. And his strength, compared to Situ Jing, is really too big, and it's not on the same level at all.

Situ Jing could only squat down continuously, and his body became an embarrassing posture. Until the end, he knelt down and knelt in front of Lin Ziming.

When Chen Xuejuan on the side saw this scene, she was stunned for a moment, and then her eyes widened immediately, completely dumbfounded! She knew that Lin Ziming was very strong. After she came out of the secret realm, she should be a strong man in the realm of the gods, but she also

knew that Situ Jing was not a good stubborn, but a super genius. Some time ago, she saw the Jingwu Group. Many of the strong players in Situ Jing were not opponents and were directly killed in seconds.

So she knew that Situ Jing was not Lin Ziming's opponent, but she never expected that the strength between them would be so different, so she was stunned for a while.

Lin Ziming looked at him condescendingly, and said lightly: "Did you just say you wanted to kill me?"

Situ Jing heard Lin Ziming's words at this time, and the cold sweat on his forehead kept coming down.
