

Chapter: 2338

Kicked to the iron plate!

This is his first reaction now!

At the same time, he also felt incredible. He asked himself that his strength was already strong enough. At the age of thirty-three, he had already reached the level of a half-step divine realm. Looking at the whole world, I am afraid that how many people can reach it?

The people around him all called him genius. He was once hailed as the savior of the family. This made him extremely confident and believed that in time, he would definitely become the most powerful on this planet. People. However, the appearance of the man in front of him really greatly dispelled his pride and will.

The opponent simply shot him and subdued him. Moreover, he had no ability to resist in front of the opponent. There was definitely not the same level between the two.

Now, he knelt in front of Lin Ziming, only feeling that Lin Ziming was no longer alone, but a big mountain!

He was breathless.

But he couldn't understand, when did China have such a powerful person!

He admits that in the past few years, he has been practicing in retreat and is not very informed about the information from the outside. However, this cannot go against common sense. In his opinion, Lin Ziming is so young and has such strength, which is contrary to common sense. The presence!

Chen Xuejuan, who was on the side, saw Lin Ziming's solution to Situ Jing so easily, and her eyes suddenly lighted up.

Although she knows that Lin Ziming is very good, she has never seen Lin Ziming make a move. In the hotel before, the strength of the bodyguards was not too strong, and in her opinion, they were not even a move.

But the current Situ Jing, a super genius that even her father kept praising, didn't expect to simply lose to Lin Ziming's hands.

I can only say that it is too powerful, too shocking!

This made her look into Lin Ziming's eyes brighter.

"No no no, senior, me, I was wrong..."

Situ Jing felt Lin Ziming's murderous intent now, and he immediately shuddered, not daring to say anything, and shook his head quickly, just begging for mercy.

He is completely proud of him now, because he knows that the man in front of him must be a master of the gods, and only a master of the gods can have such a terrifying dominance!

Seeing his sincere attitude, Lin Ziming didn't continue to be arrogant, and didn't bother to have the same knowledge of juniors like him, so he let go of him, too lazy to say anything to him, and turned around and left.

Situ Jing finally breathed a sigh of relief. Just now, Lin Ziming grabbed his finger in his hand, and he really felt that his finger would be broken at any time.

Now seeing Lin Ziming leave, he blurted out and asked, "Senior, don't know what your name is? I will come to visit another day."

After Lin Ziming heard this, his brows wrinkled again, and he looked back at Situ Jing displeasedly, and said with a smile, "Are you reluctant to admit defeat, and still want me to get revenge?"

"No, no, no, you misunderstood, senior. I didn't mean it, definitely not..."

Situ Jing was taken aback by Lin Ziming's horrible look, and quickly shook his head and said: "I just I want to know the name of the predecessor, nothing more."
