

Chapter: 2343

Lin Ziming shook his head and said, "No, but my wife Chu Fei, who was taken away by such a strong man..."

Next, Lin Ziming told Huangpu Dao about this matter again.

After listening to Huangpudao, he widened his eyes and expressed surprise. Obviously, he did not expect that Lin Ziming's wife had such a past.

In fact, he also knew about Chu Fei, and even sent someone to investigate Chu Fei's origins, and found that Chu Fei was a very innocent person, but now it seems that Chu Fei has such a background, how could he not let him? Was he surprised?

After he was silent for a while, he said: "As far as I know, the five most powerful men in this world should be the Tian Jue of the Heaven-killing Sect, and Luo Tian of the Luotian School. Ask the blood god of the Tianzong, Lei Yin Wangchen in the temple, and Xu Xuanzi in the world. As for who the kidnapped your wife was, this is really hard to say."

After Lin Ziming listened, his eyes lit up and said, "Amidst our world, are there super powers?"

Huangpudao nodded and said, "Yes, this Xu Xuanzi is the strongest in our secular world."

"Listen to this name, is he our Chinese?"

"This is not clear, I have never heard of this information." Huangpudao said, shaking his head.

Lin Ziming fell into silence. He was beginning to calculate who among these five people was the one who took Chu Fei abducted.

Huangpudao saw Lin Ziming's expression and said, "Are you planning to come here one by one?"

Lin Ziming didn't conceal it, and said, "Well, if you really can't be sure, you can only come to find one by one."

"Ziming, there is one thing I shouldn't tell you whether or not."

Lin Ziming laughed. He didn't know what Huangpu Road meant, and said, "Senior Huangpu, I know what you mean. Since these five people are the five most powerful people in the world today, their strength is naturally the highest, standing human. Summit. Since I dare to make such a plan, I have my own confidence."

"Okay. Since you have decided like this, I won't stop you anymore. Anyway, remember that you are not fighting alone. Behind you, there is Hua Guo."

Huangpudao said in a deep voice.

After Lin Ziming heard these words, his heart was warm.

Next, Lin Ziming and Huangpudao talked about some things. Suddenly, a person rushed in, his face was particularly frightened and panicked, and he shouted loudly: "Military God Lord, Military God Lord, It's bad, the big thing is bad!!"

His tone was trembling, and the whole person was in a state of fright. After Huangpu Dao and Lin Ziming looked at it, they were all surprised.

Lin Ziming also knew this man, and he was considered to be an officer with a large position. It was logical that he had experienced big storms, and no matter how big things happened, he shouldn't be so panicked.

This also means that something big happened in China?

Huangpu Dao and Lin Ziming looked at each other. It was obvious that he had thought of this too, and immediately greeted him, and said in a deep voice, "What happened?"
