

Chapter: 2358

The answer is definitely no.

Not to mention Situ Jing, a small half-step master of the gods, there are definitely no more than five people in the world who can escape in the hands of Lin Ziming.

I have to say that Situ Jing's response was very fast, and he was also quite determined. He flees if he says to escape, extremely quickly. Moreover, Situ Jing's body skills are very fast, and there is something extraordinary, if it's just an ordinary God-passing realm. For a master, it is really possible for Situ Jing to run away.

However, in front of a master like Lin Ziming, ten Situ Jing couldn't escape. In an instant, Situ Jing only felt a huge pressure coming from behind him, like a violent storm, as if he had escaped when the tsunami broke out. It was a kind of absolutely desperate fear, and he would be drowned at any time. Drop.

However, before he could react much, he felt his body lighten, his legs were off the ground, and the pain in his neck was immediately followed. It turned out that he was directly lifted up by Lin Ziming.

Then, he heard Lin Ziming's disdainful voice, "Just you, the ant, want to run away in front of me?"

Then, he felt his body flew up violently, flying towards the side heavily.

The speed is too fast, this speed is faster than the speed at which he just ran away!

Before he could react, he felt his body hit the wall hard with a loud bang.

He slammed into the solid wall, however, his speed was only reduced a little, and then there were a few more bangs, and his body was like a cannonball, constantly blocking his face. The front wall was knocked down!

He didn't stop until he knocked down five walls.

At this time, he already felt that his body was falling apart, and his internal organs became like a mass of mud. He opened his mouth and spurted blood continuously.

The scene was silent.

Everyone was completely dumbfounded, and had no idea that Lin Ziming's strength would be so powerful.

Throwing Situ mirror like trash directly, hitting so many walls, this scene was extremely shocking to all of them.

Even the things in many people's hands fell off. When they looked at Lin Ziming again, they only felt cold all over, which was a kind of extreme fear.

Even Chen Xuejuan's mouth is open now. She knows Lin Ziming, but she actually has no idea about how strong it is.

But now, she finally saw it.

After finishing these, Lin Ziming just seemed to have done a trivial thing.

At this moment, a voice came through, “Brother Lin, please be merciful and let me go...”

This is the voice of a middle-aged Yisie, full of air, and very strong.

But when he was halfway through his words, he stopped abruptly, because he saw that Lin Ziming had already shot, and he also saw Situ Jing who was dying and vomiting blood constantly on the ground.

At this time, the middle-aged talent finally appeared, and everyone could see that the appearance of the middle-aged Xie looked a bit like Situ Jing.

Moreover, the aura of this middle-aged man was very strong, and he knew at first glance that he was not an ordinary person, but a super big person.

In fact, many people present recognized him when they saw him. The middle-aged man in front of him was Situ Jing’s father, Situ Solitude.

And Situ Solan, is also a master of the God Realm.

But he is not a Chinese, but a strong man in the realm of God in the neighboring country next door.
