

Chapter: 2369

Just say that in a Western country, after the top leaders of their country were beheaded by the four major sects, they directly used the largest local media to start a live broadcast to the world.

The speaker was Bu Jingyun.

He was holding a bloody human head in his hand, and he was dressed in white. He stood in front of the camera and began to speak impassionedly: “Even your leader is behind his back, secretly practicing, and his strength has reached the fourth in the innate realm. Stage. But he has been bewitching you all day long, saying that there is no martial arts in this world, no extraordinary, no miracles, and the limits of mankind are maintained by athletes. This is a fool for ordinary people like you, the biggest humiliation!”

It is very strange that many citizens, after hearing his words, did not express as much anger and hatred as they did at the beginning, and even many people fell into contemplation.

Bu Jingyun continued: “Let me tell you the truth about this world! This world is not just what you see on TV, newspapers, and the Internet! The greatest wealth of our humanity is not money or status. , But ourselves! Our body is the greatest wealth! Because each of our bodies contains huge secrets!”

He kept bewitching, in front of the camera, to give people all over the world the benefits of starting popular science practice.

What kind of changes will ordinary people have after practicing, and what benefits will they have!

After ordinary people practice, they are in the master realm, then the grandmaster realm, then the innate realm, and finally to the tongshen realm...

He talked freely in front of the camera.

Many people began to hear a series of stories, and yearning appeared in their eyes.

Finally, among the crowd, there was the first person to speak out, “I also want to practice, I also want to be a master, I also want to be happy and enmity, I also want to be immortal!”

After this person spoke, it seemed to be an infectious disease that quickly infected many people around him.

As a result, fanaticism began to appear in their eyes, blood red appeared, and their voices gradually amplified and shouted: “I want to practice too!”

“Yes, we also want to practice!”

“Why are you hiding from us? Are we not humans anymore!”

“I am not willing, I am not satisfied!!”

“The princes and generals are kind? Why should I be an ordinary person? I’m so smart and so hard. If I practice, I can definitely become a super strong and stand on top of the world!!!”

More and more people have such a voice, and in the end, it even became a wave.

Bu Jingyun, who was in front of the camera, saw this scene, and the corners of his mouth rose slightly, revealing a smile that succeeded in conspiracy.

Naturally, there are wise people who know that Bu Jingyun is bewitching and assimilating ordinary people in a bloodless way! ! !

It is conceivable that once all the people are deceived and begin to practice instead of engaging in livelihoods, what will this world look like?

Believe that it won’t take long before it will collapse!

This is not unfounded worries, but something that will inevitably happen.

Some smart, conscientious and lofty people discovered this problem. He immediately stood up and appealed to everyone: “Don’t believe in the bewitching of these monsters! They are peaceful and kind. This is to defeat our spirit and let We become their lackeys. If all of us practice, then this country, and even this world, will soon collapse!!!”

However, no one really listened to what he said. On the contrary, most of the people regarded him as an enemy and soon overwhelmed him.
