

Chapter: 2376

As his words fell, the atmosphere on the scene was silent for a few seconds, and then someone said with disdain: "I said Zhou Yin, you are too unreasonable! Not to mention, the secular side, it's impossible. Know the information we are here. Even if they know it, what about it? Does anyone really dare to come to the door to perform the beheading operation?"

"Yeah, don't look at who are there? There are three masters in the god-passing realm, more than ten masters in the half-step god-passing realm, and there are hundreds of masters in the innate realm. With such a large amount of energy, is it possible to perform beheading operations?"

"Hahaha, Zhou Yin, this worry of yours is completely unnecessary. If someone in the world really dares to come, it is not a beheading action, it is to die, you know? I am looking forward to it, in the world, who is so big Dare to come and carry out the beheading operation."

All the people present expressed their disdain and did not worry at all. This is not because they are arrogant, but because they have enough confidence.

Because they are not good stubborn, as far as the power present, let alone the world, even in the martial world, it is a force that cannot be ignored!

As for their fear of being beheaded and being hit by the so-called high-tech in the world, they are even less concerned.

In their view, even if a missile is launched against this place in the world, it will not pose any threat to them.

As a warrior, they have a unique warning from danger. If they are in danger, they can definitely know in advance.

So they can say that they are not worried at all.

However, just when they all laughed and expressed their disdain, suddenly they heard it. There was a hurried footsteps from the door, and then, accompanied by a panicked sound, they almost stumbled in. , And at the same time yelled in horror: "No, no, no, it's not good!!"

The sudden appearance of this person made everyone present stunned for a while, and then they frowned when they saw what this person looked like.

The person who rushed in was an innate realm master, although in terms of his own strength, he was not particularly top-notch.

However, at any rate, he is also a master of innate realm, and his psychological quality is far stronger than that of ordinary people. However, the current master of the Innate Realm had a panic on his face, as if he had seen a ghost, and immediately attracted the attention of everyone present.

Immediately someone reacted and scolded in a deep voice: "Lambo, are you hell? You yelled, the atmosphere on the scene was destroyed by you!"

The one who cursed was the middle-aged strong Yiqiong, who seemed to be Lan Bo's boss.

Others also frowned and expressed their dissatisfaction.

Now they have achieved a huge victory. It was just when they were happy that a guy suddenly ran in, which really affected their interest.

But this Lan Bo didn't panic at all. Instead, he said sharply: "The big thing is not good, the big thing is not good! Lin Ziming, he, here, he is here!!"

Hearing this sound, they all froze for a moment.

Lin Ziming?

The first person to react was Bu Jingyun. When he heard the three words Lin Ziming, his expression suddenly changed!

He is extremely familiar with this name.

If it is said that after King Xiaoyao died in the secret realm, among the younger generation, the person he feared most was Lin Ziming. In addition, any other strong people of the same age are not in his eyes.

Wan Wanren thought that Lin Ziming would dare to come?

His first reaction was that Lin Ziming was crazy!
