

Chapter: 2379

Lin Ziming laughed, looking at Bu Jingyun with some appreciation on his expression, and said, “Yes, you are very smart.”

It really is like this.

After other people heard it, they became even more angry. If all the strong people in China come together and use their so-called high-tech to come to encircle and suppress, they still feel normal.

But the current situation is that Lin Ziming is going to carry out the beheading operation alone?

Is this kidding?

Bu Jingyun shook his head and said, “Lin Ziming, I admit that you are indeed amazing. Even people like Xiaoyao King died on your body. You deserve to be the chosen son of our generation. But you are not. It should be so arrogant.”

Having said that, he also started to take a step, his momentum is getting stronger and stronger, “You think you are really invincible in the world, can you not put us in the eyes of the strong? Beheading operation, today, It was your head that was beheaded!”

After talking about this, Bu Jingyun’s aura was already extremely powerful, covering the entire hall.

Not only him, but all the people present are also beginning to gather their own momentum, making no secret of their strong murderous intentions towards Lin Ziming.

Moreover, they all had a tacit understanding of forming a circle of Lin Ziming. This was to kill Lin Ziming here!

And to do this, for them, it is completely possible to do it!

At this moment, Lin Ziming did indeed feel tremendous pressure.

That’s it.

In addition, as soon as his thoughts flowed, he digested these pressures.

He did the beheading by himself. At first glance, he was very arrogant. It was a kind of death-seeking behavior. But in fact, is this really the case?

The answer is naturally no, he never pretentious.

Now, he said to Bu Jingyun: “Bu Jingyun, you don’t even know how huge the gap between you and me is.”

After saying this, Lin Ziming had already taken action.

In fact, he rarely took the initiative to take the initiative. Now facing the three masters of Bu Jingyun, and so many other powerhouses, the fighting spirit in his heart is boiling.

The beheading action was proposed by him, and as a national force, the best way to resist!

Bu Jingyun had been prepared for a long time, he saw Lin Ziming take the initiative, his pupils flashed murderously, and he snorted coldly, without any

hesitation, he rushed forward.

At the same time, the two masters of the God-passing realm next to him also had a tacit understanding. They moved with Bu Jingyun almost at the same time, and launched a siege on Lin Ziming.

They were very angry at Lin Ziming's arrogance, thinking that Lin Ziming was looking for death, but they did not despise Lin Ziming, on the contrary, they gave Lin Ziming great respect!

They knew that Lin Ziming's strength must be very strong, because Lin Ziming swallowed ten fruits in the secret realm.

It's just that what they couldn't think of was that Lin Ziming's strength would be so abnormal! !
