

Chapter: 2380

It was too late to say that it was fast, from Lin Ziming's shot to Bu Jingyun and the other two masters of the gods, encircling Lin Ziming, it was only a matter of a moment.

In an instant, Lin Ziming fought with them at the same time.

It's exactly one enemy three.

As Lin Ziming had just been promoted to the God Realm, he immediately faced three masters of the God Realm, especially the other two masters of the God Realm, who were still veteran masters. This battle, no matter how you look at it, was suspenseful. , Even if Lin Ziming is so enchanting and so powerful.

In fact, Lin Ziming directly showed it after just a face-to-face encounter, and his incomparable strength directly crushed the three masters of the God-Sounding Realm!

Just kidding, although Lin Ziming had just broken through to the God-passing realm, his strength, his realm, and ordinary God-passing masters like Bu Jingyun were no longer on the same level.

Lin Ziming's moves are open and close, which can be said to be fierce to the extreme.

As soon as he made a move, he directly crushed the three of them. In the eyes of everyone else, Lin Ziming is now a huge demon king, extremely large, and Bu Jingyun and others in front of him The master of the gods, in front of him, looked insignificant.

A punch, just a punch, Lin Ziming directly gave Bu Jingyun and the other two masters of the gods, an unmatched feeling.

Even they didn't even know how to describe Lin Ziming's punch!

In their line of sight, they saw that Lin Ziming's punch no longer exists in this space, but seems to be moving towards the earth at an extremely fast speed from beyond the distant interstellar space. Come with them!

That kind of speed has completely exceeded the category they can understand.

That kind of power is completely beyond what they can bear.

In their view, such a punch should not exist in this world.

It seemed to be a huge meteorite, from the distant starry sky, at a speed close to light, broke into the solar system, cut through the atmosphere on the earth, the fist became burning, and enveloped the three of them at the same time.

It was an absolute fear, a punch that could not be resisted, which made them all frightened, and there was an urge to run away in their hearts!

Bang bang bang!

Lin Ziming's punch finally arrived, and he hit the three of them at the same time, hitting these three punches with extremely fast frequency, because the speed was too fast, it looked like they were being punched at the same time.

And the result was that the two masters of the God-Communication Realm, at the most critical juncture, knew that there was no way to retreat, and at extremely fast speed, they put their arms on their chests to block Lin Ziming's punch. .

They believed that with such a punch from Tianwaifeixian, Lin Ziming could only hit one punch at most, and he could never hit a second punch!

Up to now, they still think that as long as they survive Lin Ziming's first wave of attacks, they will definitely be defeated by them.

However, they still overestimated themselves, or they underestimated Lin Ziming too much.

Almost instantly, Lin Ziming's punch hit their elbows almost simultaneously.

It was like the sound of two nuclear bomb explosions. After these two punches hit their elbows, a huge sound wave erupted. At the same time, accompanied by the sound of broken bones, their stature, like a cannonball, was fierce. The ground bounced out!

At this time, the third punch also arrived in front of Bu Jingyun.
