

Chapter: 2381

When Bu Jingyun felt Lin Ziming's punch, he already knew that it was not good. He was the first to react. With a speed surpassing his realm, he dodged the punch with an embarrassing speed, without hitting him. Body. But even so, it scared him into a cold sweat.

At the same time, he also saw that the two masters of the God-Communication Realm were hit by Lin Ziming's punch and knocked down many walls, even knocked down several trees, and finally this strength was digested.

The screams of these two god-passing realm masters were still floating in this space, but he had already felt that the aura of the two gods-passing realm masters had already disappeared.

In other words, with this punch of Lin Ziming, two masters of the God-Throughout Realm had already been beaten to death!

What kind of perverted strength is this?

Even Bu Jingyun, after reacting to this point, his face turned pale and his body trembled, causing boundless fear!

Originally, he thought that Lin Ziming was looking for death. With him Bu Jingyun and two veteran masters of the God Realm, Lin Ziming would have to hate no matter how powerful he was.

But as a result, he underestimated Lin Ziming's strength too much!

Lin Ziming was just a face-to-face, and he didn't have time to fight, so they killed two masters of the God-Sound Realm!

This kind of strength, this kind of hegemony, this kind of crushing caused him to have boundless fear. At the same time, he couldn't understand why the same talents also swallowed the fruit, so the gap between them can be so big. !!

He admits that he is inferior to Lin Ziming if he is singled out. After all, he has only swallowed five fruits in the secret realm, while Lin Ziming has ten! Even if the difference is doubled, there won't be such a big difference!

As far as the strength demonstrated by Lin Ziming just now, it is no longer the strength of the First-Rank Pass God Realm, even if it is the Third-Rank Pass God Realm, it's just so!

Even Bu Jingyun seriously doubted whether their Sect Master was not Lin Ziming's opponent!

Of course, such a thought was just a flash in his mind.

Soon, he heard Lin Ziming's cry, a little surprised, and then Lin Ziming looked over, it seemed a bit surprised, he was able to escape Lin Ziming's punch, and then heard Lin Ziming's admiration. The voice said, "Bu Jingyun, you are good. You can avoid my first punch. I don't know if you can stop my second punch? If you can stop my second punch, I can spare you not to die."

Lin Ziming said these words very plainly, even with some smiles on his face, in that way, where is the half murderous? It's like talking with a friend.

However, in Bu Jingyun's ears, it was extremely cold and terrifying, comparable to the voice of death.

He didn't hesitate from someone else, he didn't hesitate to burn his own cultivation base and escape at the ultimate speed!

He already knew that he was definitely not Lin Ziming's opponent, and if he was caught by Lin Ziming, there would only be a dead end.

He is very decisive, and his reaction is quick, it is a personal thing.

Unfortunately, in front of Lin Ziming, he definitely didn't have a chance to escape.

It was just a kung fu that couldn't be blinked, Lin Ziming chased him at that speed, which was actually a bit faster than Bu Jingyun! !
