

Chapter: 2383

Just after their thoughts were over, they had already seen Lin Ziming go and come back, his eyes flowed on all of them, showing a satisfied smile, and said: "Very well, you all stay here and wait for me. . It saves me a lot of effort."

After saying this, he seemed to start acting!

The speed is so fast, the momentum is so vast, invincible, and there is no time for them to react at all! ! !

Almost in an instant, Lin Ziming's murderous intent had already enveloped everyone on their scene, causing their spirits to be greatly oppressed, causing their reactions to slow down a bit.

Lin Ziming had already arrived in front of two of the half-step masters of the God Realm. There was no nonsense, and no hesitation. Lin Ziming's shot was Thunderbolt.

The two half-step masters of the God Realm just just reacted, and they wanted to react, it was too late, because Lin Ziming's fist had already reached them, and with a simple punch, they cut off all of them. Vitality, all hope.

As for Lin Ziming, after a punch, he didn't have the slightest pause.

Because based on his current cultivation base, killing a half-step master of the gods is as simple as killing a chicken.

He has already counted them. There are a total of fifteen half-step divine realm masters present. This number can be said to be placed in any place, it is a big force.

Lin Ziming was very satisfied with this.

After he killed two half-step god-level masters, the other half-step god-level masters finally reacted. They felt a throb in their hearts, their faces turned pale, and there was no hesitation, so they turned around and fled. .

They all realized that Lin Ziming really came to perform the decapitation operation. This is not Lin Ziming's arrogance, but Lin Ziming really has this strength! Although they didn't know why Lin Ziming had such a terrifying strength, in such a short period of time, he killed the three masters of the gods, including Bu Jingyun, and believed that even the Tian Jue of Killing Heaven Sect But right?

This thought just flashed through their minds, and then they used the power of feeding, how far they went!

However, they didn't know that they would never escape in front of Lin Ziming.

Lin Ziming snorted, and almost in the blink of an eye, he caught up with the two strongest half-step gods in front of him. They were also shot with a palm, like the heavens collapsed, that kind of extreme fear, permeated The whole body of this half-step master of the gods.

“Don’t...puff!”

He didn’t even finish what he said, so he puffed out, and was directly photographed by Lin Ziming into a pool of fleshy mud, and he couldn’t die. When the others saw this scene, their brows jumped, everyone reacted and immediately fled.

“Run! Run away!!”

Someone yelled out hysterically.

They have never encountered such a thing before, and they have never encountered such a powerful person in the world. They even think that Lin Ziming is no longer a human being, but has reached a level beyond human beings. Otherwise, how could it be like this? Powerful?

Lin Ziming didn’t care what they thought. He came today to kill people.

He has never been a cruel person, but it does not mean that he will be soft-hearted. Now that the war is on, these people in front of him are all his enemies. Is there a reason not to kill?
