

Chapter: 2388

Chu Fei still doesn't know where, but the dog man mentioned by Miss San is Lin Ziming!

And seeing how the Third Miss was so annoyed and depraved, it was obvious that Lin Ziming had killed a lot of powerful men in the sect world outside.

This really made her feel very happy!

She now has no affection for these people in the martial world.

Moreover, she also knows that the martial world has always been eyeing the secular world. This time, she directly launched a large-scale attack on the secular world, and then she does not know how many people will die!

And Lin Ziming's behavior is tantamount to walking the way for the sky and eliminating harm for the people.

However, after listening to Chu Fei's words, Miss Third saw that Chu Fei was not only afraid, but laughed so arrogantly, the anger in her eyes became even more intense. And her murderous intent against Chu Fei has reached an extreme level!

She almost popped a sentence from her teeth: "You were born in the martial world, but your heart is in the secular world. If you eat inside and out, you are damned, damned!!"

After saying this, her hands began to tighten constantly, and she wanted to strangle Chu Fei directly!

Chu Fei immediately felt that her neck was pinched tightly, she was about to breathe, and even her vision began to blur.

She felt that she might die here.

At this moment, she was not afraid, in fact, when she was captured here by Tian Jue, she had already prepared to die.

However, she was really reluctant to give up, she did not have a child with Lin Ziming, and she did not leave Lin Ziming's blood. There is also no long-term relationship with Lin Ziming...

Deep down in her heart, she said to herself with great reluctance and regret, "Ziming, I'm sorry, I won't be able to accompany you to the end..."

After speaking, she closed her eyes, stopped struggling, and stopped resisting, quietly waiting for death to take her away.

At this moment, she heard another violent shout, "Nangong Wuxie! What are you doing! Don't let go of the big sister!"

Immediately after, she heard a bang, and then, her neck was let go...

She felt strange, was she saved by someone?

But here, who will save her?

She opened her eyes and immediately saw a young woman standing in front of her. In terms of appearance, she looked like five points!

She was stunned for a moment, and then reacted, could it be that this is her

other sister?

It turns out that Miss San's real name is Nangong Wuxie.

"Nangong Wushang! Do you dare to defend this bitch?!" Nangong Wuxie stared at Nangong Wushang coldly.

The arrogance is extremely arrogant, and he stares at Nangong Wushang, meaning that he will desperately if he doesn't agree.

However, Nangong Wushang did not have any fear. She also stared at Nangong Wuxie coldly, "You say another bitch, I will blow your mouth!" "you!!"

After Nangong Wuxie heard these words, she suddenly became furious, but she didn't dare to continue talking about slut. Obviously, she was very jealous of this Nangong Wushang.

After taking a deep breath, Nangong Wuxie forced herself to calm down, and then said: "Nangong Wushang, don't forget, you are from the Nangong family, you are from the Sect of Heaven, and your father is Tiantian. Sect master! And this...woman, she has long been tarnished by the mundane people, she is no longer worthy to be our eldest sister, she is the shame of our Nangong family!"
