

Chapter: 2396

For a while, Qing Yuntian felt a little embarrassed.

Do you really want him to kill these two old men?

To be honest, he really couldn't do anything.

It's not that he is compassionate and unwilling to attack ordinary people, but that he wants to preserve his reputation. If he really kills these two ordinary people who have no power to restrain the chicken, then the elimination will definitely spread. Yes, it will be a stain in his life.

In his realm, fame is actually a more important thing. If fame is bad, then life will not be happy.

He just didn't expect that Lin Ziming would be so courageous that he would directly ignore these two old people.

As for Lin Ziming, does he really ignore these two old people?

The answer is definitely no!

No matter how ruthless and cold-blooded he is, these are Chu Fei's parents, even if they are not biological, he must be protected.

The reason why he did this was mainly because he saw the other person well and wouldn't take action against these two old men. At most, he was threatened with these two old men.

Step back ten thousand steps and say, if the other party is really a frenzied beast, and even two unarmed old men are killed, then no matter how angry he is, no matter how angry he is, it will be useless.

He is also rushing to Yulong Bay at the fastest speed, anyway, he definitely can't sit still and do nothing.

He expected that after a while, the other party would definitely call him again!

Sure enough, two minutes later, the phone rang again.

But Lin Ziming didn't answer it right away. Instead, he answered the phone after it rang for a while. The reason for doing this was not because he was not nervous about the two old people, but because he was nervous about the two old people.

After answering the call, the other party's voice came through the phone, "I didn't move two old guys."

Lin Ziming did not speak.

Qing Yuntian's frowns deepened. Lin Ziming's reaction really exceeded his expectations. According to the information, based on Lin Ziming's personality, shouldn't it be right for him to jump the wall in a hurry?

How could the reaction be so calm?

Is it really that he guessed wrong, Lin Ziming is a cold-blooded person?

After a while, Lin Ziming's voice came, "What's your name?"

"Qingyuntian!"

Qing Yuntian held his head high, his name was very famous in the whole

world, I believe Lin Ziming would be very panicked after hearing his name, and begged for his forgiveness.

However, what Lin Ziming said next was far beyond his expectation.

“I haven’t heard of it.” Lin Ziming said truthfully.

Suddenly, Qing Yuntian was furious. His Qing Yuntian’s reputation was so loud and powerful all over the world. How could this fellow Lin Ziming not know him?

In his opinion, Lin Ziming’s performance is extremely arrogant!

After all, with Lin Ziming’s strength, he has already entered the ranks of the world’s top powerhouses, how could he not know him?

“You!” Qing Yuntian said coldly: “What an arrogant kid! When I find you, I will screw your head off!”
