

Chapter: 2398

This was not because of his arrogance, on the contrary, it was because of his caution that he came to the conclusion.

Because he himself was a master of the God-passing realm, he had already broken through to the God-passing realm many years ago.

Back then, he was in the same era as Tianjue. Although he was deprived of his elegance by Tianjue, it is undeniable that he was also a super genius!

At that time, Tian Jue swallowed seven fruits, an unprecedented achievement, and he was not bad, swallowing six fruits.

Especially after so many years of painstaking cultivation, he is now in the third-ranking god realm, and looking at the world, there are few people who can steadily defeat him.

As for Lin Ziming, as soon as he came out of the secret realm, even if he really swallowed ten fruits, it would be at most a second-grade power god realm, and the gap with him was still huge.

It is precisely because Lin Ziming is such a genius that he is even more involved in the beheading action to kill a genius like Lin Ziming!

As long as Lin Ziming's genius of great fortune is killed, it will inevitably deal a huge blow to the secular world, and when the time comes, it will be easier for the strong men of their martial world to invade.

Therefore, his beheading action this time was not an impulsive action, on the contrary, he was after a rational analysis.

Many people think that he is a reckless man, but in fact, his IQ is very high, otherwise, it would not be possible to get to where he is today!

Suddenly, he felt something, his eyes opened suddenly, and a smile appeared on his face.

He felt it, and Lin Ziming came.

It's really here, very good, very good.

In the place where his eyes were looking, there was a figure walking out from the darkness, and there was no sound. Who else besides Lin Ziming?

Lin Ziming walked in in a hurry, he didn't deliberately hide his aura, because for him, there was no need for it.

After he came in, he swept his eyes and saw his father-in-law and mother-in-law. Although the spirit was very decadent, but there was nothing wrong with the person, he immediately breathed a sigh of relief. He guessed right. Qing Yuntian is a top powerhouse and does not have two ordinary old people. Vent.

After Chu Huaxiong and Liu Suhong saw him, their expressions immediately became wonderful. Liu Suhong was extremely surprised, "Ziming! Ziming! Great, you are finally here! Come and save us!!!"

Chu Huaxiong shook his head and said loudly, "Ziming, this guy is very powerful in martial arts. Those bodyguards from the innate realm can't even

go with a single move in his hands. You are not his. Opponent, let's run quickly!"

The reaction between the two of them was completely different.

Lin Ziming showed a smile and said, "Dad, Mom, don't be afraid. With me, there is no one who can hurt you. You should sleep first."

After saying this, Chu Huaxiong and Liu Suhong, who were originally emotional, closed their eyes and fell asleep.

This was totally unreasonable, because Lin Ziming was separated from them by at least ten meters, and there was no movement, but the pupils changed a little, and Chu Huaxiong and Liu Suhong fell asleep directly.
