

Chapter: 2399

And Qing Yuntian on the side, after seeing this scene, some surprises flashed in his eyes. Obviously he did not expect that Lin Ziming could have this ability, and in less than a second, he hypnotized the two old men. Up. This kind of method, even for him, is not so easy to use, it can be said to be very powerful!

If ordinary people saw it, they would think it was some witchcraft, but Qingyuntian knew that this was because Lin Ziming's mental power was so strong that he directly interfered with the spirits of the two old people in the air to allow them to be able to Just fell asleep within a second.

And it will not cause any damage to the brains of the two elderly people.

This is beyond the scope that ordinary warriors can understand. Most people know that when a person is strong to a certain level, it will produce aura, which is the so-called aura.

However, this kind of aura is more of an oppressive effect on the opponent, and more is the fear of the opponent's understanding of its own strength.

And the hand that Lin Ziming just made was no longer an oppressive imposing manner, but pure mental power. Because the two old people are not afraid of Lin Ziming, nor are they fainting because of being frightened, they are purely hypnotized.

It is conceivable that if Lin Ziming could hypnotize the masters of the innate realm, how terrible would it be?

In an instant, Qing Yuntian thought of a lot of things in his mind, and at the same time, his contempt for Lin Ziming also took away a bit.

It's just a few minutes, deep down, he still doesn't take Lin Ziming too seriously!

Because Lin Ziming's mental strength has no effect on him at all. Between him and Lin Ziming, the main thing is to see the truth in his hands.

After Lin Ziming hypnotized the two old men, he began to focus on Qing Yuntian and said faintly, "Are you Bu Jingyun's master?"

Qing Yuntian was a little surprised. Lin Ziming was able to recognize his identity so quickly. He didn't deny it either. He nodded and confessed, "Yes, it seems that you know me very well. You said on the phone just now. It's ridiculous not to know me!"

He thinks that Lin Ziming is a hypocrite, he knows his information very well, and he has to behave like he is not paying attention. Such an exaggerated character, presumably his strength is not much stronger.

However, Lin Ziming smiled directly when he heard this sentence.

"I think I am." Lin Ziming shook his head and said faintly: "You have traces of Bu Jingyun on your body, and you are so anxious to trouble me. Who else is there except Bu Jingyun's master?"

Qing Yuntian felt particularly upset when he heard Lin Ziming's words.

He hates Lin Ziming. There is no reason why it is simply because Lin Ziming is too arrogant. As a junior, it doesn't matter if he is not afraid of him. He actually dared to relax so much and talk freely. Qing Yuntian put it in his eyes!

“Since you know that I am Bu Jingyun's master, don't you kneel down and beg me for mercy? Maybe, I can keep your whole body.” Qing Yuntian said coldly. After he finished speaking, his aura Suddenly, it has become murderous, very scary.

Even the surrounding air seemed to thicken.

Fortunately, both Chu Huaxiong and Liu Suhong had already gone to sleep. Otherwise, the two ordinary old people would be frightened and fainted directly when they encountered such a terrifying breath, and such fainting would cause irreversible damage to the brain!

It's a pity that this kind of his oppression has no impact on Lin Ziming at all, and Lin Ziming hasn't even changed his expression.
