

Chapter: 2410

His speed is so fast that you can't see his movement in broad daylight, and you can't even see the afterimage.

It's like lightning.

Almost in an instant, he had already arrived in front of Qing Yuntian, and he no longer had any retreat or avoidance, he was directly confronting Qing Yuntian head-to-head with absolutely no reservations.

He was indeed injured at the beginning, but his physique was really too strong, so strong that it was no longer a human being, but a demigod existence that surpassed human beings.

With the technology of today's society, it is possible that only by launching nuclear weapons can he really kill him. Otherwise, no bullets, artillery shells, or sniper rifles can kill him.

This is what he spelled out from the secret realm, this is a gift from heaven to him.

Qing Yuntian felt tremendous pressure in an instant, as well as Lin Ziming's surging fighting spirit!

However, he didn't have any retreat, because he had no reason to retreat at all.

Moreover, even if Lin Ziming is so powerful, he still has the confidence that he can kill Lin Ziming!

This is his dignity and self-confidence, standing on this planet, as a master of the third stage of the gods.

However, it is a pity that he still underestimated Lin Ziming this time, he didn't even know what Lin Ziming had experienced in the secret realm.

He thought that Lin Ziming was only in the secret realm and swallowed ten fruits. As everyone knows, Lin Ziming swallowed ten times as many as ten, a full 100 fruits!

If Qing Yuntian knew this fact, he wouldn't have any intent to fight, so he turned around and ran. Even if he had known that Lin Ziming had swallowed a hundred fruits in the secret realm without death, then he didn't even have the idea of a beheading action!

One hundred fruits, that was something he couldn't even think of, and it was beyond his cognition.

It's a pity that he was too late, and he was destined to die by Lin Ziming's hands.

Bang bang bang bang...

They collided, like Mars hitting the earth, and there was a huge movement, and the movement could be heard from far, far away.

But no one dared to approach, because they just stood around, and when they heard the movement, they were too scared to move.

Just kidding, the life-and-death struggle between the two great gods, that is

already more than ordinary people, the battle of innate realm masters, it is a kind of coercion from the depths of the soul.

Qing Yuntian tried desperately this time. He had no reservations and no contempt. He had only one thought now, that is, he would kill Lin Ziming regardless of all means!

Lin Ziming was only in his early thirties, and he had just stepped into the realm of the gods for two months, and he had such strength. If Lin Ziming was given a few more years, would he still have it?

I believe that in the whole world, there is no one who can cure Lin Ziming, and even an evildoer like Tian Jue, there is no way to use Lin Ziming.

Therefore, it is absolutely impossible for him to let such a thing happen.

How could Lin Ziming not feel Qingyuntian's murderous intent?

However, he was not afraid of Qing Yuntian at all. From the moment he received Qing Yuntian's call, he had already used Qing Yuntian as a stepping stone.
