

## Chapter: 2418

“What?! Qing Yuntian died in Lin Ziming’s hands?”

After Nangong Wuxie heard this message, she stood up abruptly, her face full of shock.

She had just heard this message, and the first reaction was impossible.

Because she knew who Qing Yuntian was, she was asking the top powerhouse of Tianzong, even in the entire martial world, she was a first-class existence. She had seen Qing Yuntian once last year.

She still remembers clearly the tremendous pressure that Qingyuntian brought to her back then.

In the entire Heaven Killing Sect, only her father, Tian Jue, was able to stabilize Qingyuntian. In addition, even the Supreme Elder Kunlun and Qingyuntian were probably only between the uncles.

However, such a powerful existence would actually die in the hands of Lin Ziming?

How is this possible!

“Where did the false message come from?” Nangong Wuxie frowned, staring at the subordinate in front of him unhappily.

The subordinate quickly explained: “Miss San, this is the information obtained from Wentianzong. Now the whole Wentianzong has been spread, it should not be a false message.

Nangong Wuxie stood up, and when she heard the words Lin Ziming again, she felt particularly upset. In her opinion, people like Lin Ziming deserved to die.

First of all, Lin Ziming is the great enemy of the martial world. I don’t know how many strong men in the martial world have been killed, especially the Xiaoyao King and Gong Chunqiu who both died in the hands of Lin Ziming, and they have become the first-class enemy of the Sect of Heaven.

Not to mention, Lin Ziming is a flawless man in Nangong!

In her opinion, Nangong Wuxia simply lost their Nangong family and lost the face of Tianzong!

If she were her father, Tian Jue, Chu Fei would have already been killed, so she still needs to bring it back?

“Check, why is there such a message...”

As soon as Nangong Wuxie’s words were finished, a person walked in outside and said faintly: “No need to check, Qing Yuntian is indeed dead.”

When Nangong Wuxie saw this man, his body was shocked, and his face immediately showed awe and respect, and he hurriedly saluted, “My Father!”

The subordinates also hurriedly saluted and met with Lord Sovereign.

It is true that the person here is Tian Jue, the supreme master of the Heaven-Slaying Sect, who is also known as the world’s number one super

powerhouse.

He was wearing a white robe with his hair curled up. When he came, he still had a book in his hand. He had a refined temperament and looked like a scholar.

There is even a hint of the aura of a strong man in his body. However, only those who know him know how terrifying he is.

Even a person like Nangong Wuxie, in front of Tian Jue, did not dare to breathe.

Nangong Wuxie obviously had no idea that her father would come to her. You should know that on weekdays, his father may not be able to come to her on his own initiative after a year.

Now that her father's arrival made her excited, she was also a little nervous, not knowing what was the reason for her father.

Soon, she reacted to what her father said, Qing Yun was really dead?

"My father, Qing Yuntian, as the number one expert in Asking Tianzong, how can he die and die?" Nangong asked innocently.

Tian Jue sat down and said faintly: "Half an hour ago, Qing Yuntian's life card broke, indicating that he is dead."
