

## Chapter: 2421

Hearing this voice, Chu Fei also remembered immediately, the owner of this voice was amazingly Tian Jue!

Her biological father.

She was also the one who almost killed her.

To be honest, Chu Fei has no good impression of having this biological father.

However, this does not mean that she will immediately express this emotion. On the contrary, she has grown a lot after this time, and is no longer the silly white sweetness she used to be, so she is also very sweet. She soon stabilized her emotions, and then she stood up, and made a respectful gesture just like Nangong Wushang.

Almost in the next moment, the door was opened, and a man in the image of a scholarly scholar walked in. Who else was there besides Heaven?

It is strange that after Tian Jue came in, Tian Jue clearly had a faint smile, and there was no intentional aura from her body, and Chu Fei still felt a huge pressure.

Her mind turned quickly, thinking of what was just now, could it be said that Tian Jue agreed with her and Lin Ziming's matter?

She was a little surprised at first reaction, but soon she calmed down and didn't think Tian Jue would have such a good talk.

Tian Jue walked in, he waved his hand faintly, and said, "No gift."

Nangong Wushang dared to stand up straight and relax.

"Wu Shang, I heard that you often come to visit your eldest sister recently.

It seems that the relationship between your sisters is very good." Tian Jue said with a smile.

Nangong Wushang said, "My father, although the eldest sister has been away for a long time, the eldest sister is always the eldest sister. Now that the eldest sister is back, I naturally want to restore my relationship with the eldest sister."

"Well, very good." Tian Jue said, "Much better than your sister. Wu Xie is immature in her thinking and has some opinions on your elder sister. You have time to do ideological work with your sister, you know?"

"Yes, father."

Tian Jue turned his gaze on Chu Fei, smiled and said, "Flawless, you have come back this time, how accustomed to living?"

Chu Fei did not answer, but kept her head down.

Seeing her reaction, Nangong Wushang immediately became a little worried, and quickly gave her a wink, but Chu Fei seemed to have seen her.

Some light flashed in Tian Jue's eyes, and he disappeared immediately, showing a smile, and said, "Flawless, it seems that you still have complaints about being a father in your heart. Alas, being a father this time bringing

you back is indeed a bit anxious. , I didn't say hello to you in advance, but being a father is for your own good. I believe you also know that you were born in Si and grew up in Si, and you are bleeding from the Nangong family. Sooner or later you will come back here. ”

Chu Fei was silent for a while, and said, “Can I go back?”

After Nangong Wushang heard these words, he immediately became a little nervous, and quickly winked at Chu Fei to tell her not to talk nonsense.

Chu Fei saw it, and she also knew that she was a little impulsive to say this, but when she faced Tian Jue, she really couldn't keep calm!

She can't forget how the so-called father tortured her during this period of time!

Moreover, Chu Fei also knew that the so-called biological father did not have any father-daughter affection for her.

After saying this, Chu Fei was also ready to endure the anger.

However, what she didn't expect was that Tian Jue sighed, as if guilty, and said, “It seems that your heart is not here, it doesn't matter, if my son-in-law is willing to come here to pick you up, then you will go with him. Right.”
