

Chapter: 2425

He thought about it more than once, desperately killing Heavenly Slayer. However, every time this idea came out, he would hold back it, because he knew that if he killed the Heavenly Killing Sect with his current strength, it would be no different from looking for death!

You know, in Killing Tianzong, it's not just Tianjue a strong man. In addition, there is also a Supreme Elder Kunlun, and those disciples are not vegetarian.

Moreover, under the circumstances of the world war, he absolutely cannot use the power of China to rescue Chu Fei. This is undoubtedly pulling China to the funeral.

So he had to endure, practice continuously, strengthen his strength, and when he had enough strength, he would consider killing the Heavenly Sect!

He went to Kill Tianzong to rescue Chu Fei, not to die in love.

He had always thought about this very well.

Fortunately, he has made rapid progress during this period, and he is getting stronger every day.

The longer the time, the stronger his strength.

But he also knew that he didn't have much time.

On this day, he received a call from Huaguo and asked him for help, so he could only leave the customs ahead of time.

"Ziming, I heard that you killed Qing Yuntian?"

As soon as Lin Ziming arrived in Yandu, Huangpudao said in surprise.

Lin Ziming was a little surprised about this incident. You must know that when he was fighting Wen Qingyuntian, there were no people around him.

"How did the message come out?"

Lin Ziming's answer was already acquiesced in this matter.

Huangpu Dao looked at Lin Ziming deeply and said: "Ziming, you are really not easy! Even a top powerhouse like Qing Yuntian is defeated by your hands."

I can feel that Huangpu Road is indeed very emotional, and there is quite a sigh of the waves behind the Yangtze River pushing the waves forward.

After a pause, he said seriously: "The origin of Qingyuntian is not simple. It is the number one expert in Tianzong. The news that you killed him has been spread. Next, Tianzong will definitely look for you. Take revenge, you still have to be careful."

Lin Ziming nodded and said, "Well, I know."

"By the way, Senior Whampo, you don't know what's the matter with me this time?"

Huangpu Road sighed and said: "Oh, I believe you probably guessed it. This war is coming too fast, too intense, and many countries have fallen. If this continues, we will lose. The cost of losing is too great. Up."

Lin Ziming was silent for a while, how could he not know?
Even if he is no longer in the storm, he can feel the violent storm.
Now he is embracing the luck of China, and he naturally feels that the luck of China is constantly weakening.
Not only that, in many countries all over the world, the luck of air is steadily weakening, and there are even signs of dying out.
If this continues, the whole world will really not last long.
Although his previous suggestion was effective, it still seemed a bit inadequate in the face of such a huge war.
“Okay, I probably know what to do.” Lin Ziming nodded and said.
After a pause, he thought of something, and then asked: “By the way, Senior Huangpu, I don’t know how much you know about Tianjue?”
