

Chapter: 2426

“Tian Jue?”

Huangpudao was visibly taken aback when he heard this sentence, and then he frowned, his eyes flashing with extreme fear and awe.

Although his emotion was well hidden, Lin Ziming could tell it at a glance.

Whampoa Road is in awe of this heaven!

And it's not as simple as simple fear and awe, it's really fear of Tianjue in the bones, and when you hear this name, you will feel shudder.

To be honest, Lin Ziming has known Whampoa Road for so long, and for the first time he saw Whampoa Road to a person, so jealous and fearful.

Even the previous Saint King Luo Tian definitely didn't feel that way for Huangpu Dao!

In fact, Lin Ziming already knew the answer he wanted from the reaction of Huangpu Dao.

Tian Jue is really a terrible and terrifying person!

No wonder it is called the best in the world!

“Yes, it's Tian Jue.” Lin Ziming nodded and said, “Senior Huangpu, have you ever seen him?”

Huangpu Dao sighed and said: “I have seen it, once in a secret realm, and have the honor to meet. This person is the most enchanting person I have seen in so many years. His level of talent is a little bit better than you. Not bad. In our era, he was the unshakable son of the Chosen. At that time, there were so many powerful people in the world, so many young talents, and no one was his opponent. Even in the previous era. The super powerhouse, even the chosen son, died in his hands...”

Hearing these words, Lin Ziming was really surprised and taken aback.

He knew that Tian Jue was the number one power in the world, but he didn't even think that Tian Jue's strength would be so terrifying that even a son of heaven would die in his hands?

What a terrible thing is this?

He now knows that everyone has a certain amount of luck, and after killing the opponent in a specific way, he will get the opponent's luck accordingly.

And if Tian Jue killed the Son of the Chosen from the previous era, he would surely get the luck of his opponent. In this way, how terrifying was Tian Jue's strength?

To be honest, he is totally unimaginable!

The reason why Lin Ziming has today's results is that it is his talent, which is actually not appropriate at all, and he absolutely dare not think so. He himself knows very well that he came all the way, in fact, due to various chances and coincidences, swallowing many people's luck, especially from the beginning, on the Lion Mountain, swallowed the spirit fruit of heaven and earth, and then on the Kung Fu Cup, By accident, he began to make

rapid progress after condensing the luck of the Chinese nation.

Even now, in the secret realm, he killed King Xiaoyao and swallowed a hundred fruits to achieve today's achievement.

And from Huangpudao's words, I learned that Tian Jue's experience is no worse than him.

The most frightening thing is that Tian Jue is much older than him. How far is Tian Jue now?

To be honest, even if it was Lin Ziming, he now had no absolute certainty of winning against the heavens.

“Ziming, are you trying to trouble Tian Jue?”

Huangpu Dao thought of something, staring at Lin Ziming quickly, and said in a deep voice: “Ziming, I advise you to dispel this idea! Although you are a genius, you are the chosen son of this era, and you are also in the secret world. , Swallowed a hundred fruits! However, Tian Jue is also the chosen son of heaven, and he has practiced for decades more than you, even if he is in the secret realm, he has only swallowed seven fruits. However, he is now Your strength is definitely not something you can shake!”
