

Chapter: 2430

Tian Jue's words are very friendly, as if it is really what a father-in-law expects from his son-in-law.

The acting skills are so good that even Chu Fei can't understand it, but how can he keep Lin Ziming from it?

He immediately understood that under Tian Jue's goodwill, what was buried was absolutely malicious and murderous!

This is a naked conspiracy, to use Chu Fei as a threat to let Lin Ziming go to the meeting alone.

I have to say that Tian Jue's yangmou hand really took Lin Ziming for sure, so Lin Ziming had no way of doing it.

Lin Ziming heard that he had to go this trip. If he didn't go, then Tian Jue would definitely not let Chu Fei go!

Although there is nothing in the content of Tian Jue, how can Lin Ziming fail to understand it? If he doesn't go, then Tian Jue will attack Chu Fei!

He was silent for a while, and then laughed, and said, "Okay, since the father-in-law invited, the son-in-law must go to the appointment. However, the son-in-law has been busy recently, and may not be able to leave for a while, or the father-in-law will come to China. Meet here? My father-in-law comes over, and my son-in-law will definitely entertain you!"

Lin Ziming's words are also very good, people can't hear them at all, the swords and swords in his tone.

Tian Jue laughed, and squinted his eyes. He had never seen Lin Ziming before, but Lin Ziming's reputation was already thunderous!

If it were to change, he would never pay attention to young people like Lin Ziming. But now, he has to admit that Lin Ziming has already walked in front of him, and even made him feel threatened. That's why he asked Chu Fei to make this call, and he didn't hesitate to use his daughter to threaten him. Lin Ziming!

Although Lin Ziming was very powerful before and showed extremely high talent, deep down, to be honest, Tian Jue still didn't put too much emphasis on Chu Fei. As long as he finds a way to obtain Chu Fei's aura, then Lin Ziming will not be his opponent no matter how powerful it is!

But now, even a top powerhouse like Qing Yuntian has died in the hands of Lin Ziming, making him feel a huge crisis. He has a hunch that if he doesn't deal with Lin Ziming sooner, there is really a possibility of the gutter. Upset! So there is this call today.

He also laughed, with a bright and kind smile on his face, and said: "Haha, my son-in-law is interested, father-in-law is very happy. But father-in-law is too old and can't walk, so he won't go so far. You should come here. Well. Besides, it will be the big day of flawlessness soon. As a flawless husband, it is better to be present, what do you think?"

Hearing these words, Lin Ziming's eyes burst out with a huge murderous intent!

He couldn't hear it yet, Tian Jue wanted to be sure to start with Chu Fei!

The big day Tian Jue said was definitely not a good day, but a bad day.

Although he didn't know what the purpose of Tian Jue was to come to China with such a great effort to take Chu Fei away, he could be sure that it was definitely not a good idea. If Tian Zuo Chu Fei had any father-daughter love, he would never believe it!

He hesitated for a while, his mind was running wildly, and finally he nodded and agreed, "Well, since the father-in-law has said so, the son-in-law will be at the appointment.

Tian Jue laughed twice and said a good word, then gave Chu Fei the phone.

When his face turned to the other side and turned his back to Chu Fei, his face immediately showed coldness and murder. Where is the kindness and kindness that was just now?
