

Chapter: 2436

That is to simply do the trick.

Didn't Tian want to choose his son-in-law, well, he would participate in the election of his son-in-law, with absolute strength, crush all competitors, and marry Chu Fei in a fair manner!

In fact, he has always had one regret, that is, there is no decent wedding with Chu Fei.

At the beginning, he and Chu Fei got married, completely involuntarily, and neither had a wedding before, so they were confused with Chu Fei.

Moreover, it wasn't even a marriage. In the first few years, he was just a nanny in the Chu family, and Chu Fei never treated him as a husband.

Later, after too many things happened, his relationship with Chu Fei returned to normal.

This is indeed a pity for him.

Now that he has this opportunity, he can't let it go.

Moreover, with his current appearance, he can completely pretend to be another person, even if Chu Fei is in front of him, she may not be able to recognize him.

So he also has absolute confidence that he can deceive Tian Jue.

At that time, he defeated all the competitors, after marrying Chu Fei, the entire Heavenly Killing Sect would definitely be paralyzed. Then he would secretly take Chu Fei away on the night of the bridal chamber. This way, Soldiers are not bloody.

Then, Lin Ziming thought about the plan in detail.

So there is a question, that is, will the identity he uses now arouse suspicion?

No, it should be said that it will definitely arouse suspicion.

So, can he stand up to the investigation?

After careful calculations, he already had a way.

That is to pretend to be another disciple.

And this disciple did not come from the Heavenly Killing Sect, but a disciple from another small school. In this way, the Heavenly Killing Sect could not be studied.

After the decision was made, Lin Ziming also didn't have any ink marks, and acted directly.

In these three days, it passed in a flash.

During these three days, Lin Ziming was idle for a while. In addition to not wasting a minute and a second to practice, at other times, he kept disguising himself and at the same time inquired about the specific steps and content of the election of his son-in-law.

A set of plans appeared in his mind, divided into countless plans. At the same time, he also anticipated everything that might happen, and responded to these situations.

Lin Ziming now is no longer the hairy boy he used to be. He does everything he does, and he can't make any mistakes.

“What?! Choose my son-in-law! I won't agree!”

Chu Fei heard this message suddenly, and her reaction was tremendous.

It was on the last day that she knew that Tian definitely didn't really want to wait for Lin Ziming, but wanted to give her a betrothal and return her to choose a son-in-law!

Tian Jue's approach clearly means that he didn't treat her as a daughter, and didn't really care about her.

She would not accept this kind of thing anyway!
