

Chapter: 2439

Faced with Lin Ziming, of course, the result was not the slightest suspense. It took Lin Ziming five minutes to win the opponent 'difficultly'.

After Lin Ziming won the second game, it finally attracted some people's attention.

But that's all.

The game was in full swing. Many people added ginseng. Many games were played at the same time, but the audition was completed very quickly. It didn't take long for the top 32 to be selected.

Lin Ziming was in it, and at this moment, someone finally put their eyes on Lin Ziming.

"Hey, how come this person named Chu Lin hasn't heard of it before, and he can reach the top 32? This strength is not small!"

"Yeah, where did this Chu Lin come from? If you can reach the top thirty-two, at least you have the strength to pass the gods for half a step!"

"I have a bit of an impression. This Chu Lin is a genius of a small sect. He is usually low-key. I didn't expect that he would also participate in the election of Tianzong Zong. But he can reach the top 32, but I don't have it. Thought-of."

"He can get to the top thirty-two, which is considered very powerful. However, he is also here at most. The next ones are all famous super powers. Among them, there are many masters of the gods. This Chu Lin is definitely not an opponent."

Lin Ziming heard these people's discussions, his face showed excitement and pride, but it was Gu Jing Bubo in his heart.

Tian Jue also set his eyes on him, but there was nothing unusual, but with some surprise and appreciation, it was obvious that he did not recognize his identity. There is no way to see his true strength.

After Chu Fei heard these discussions, she turned her gaze on him a little bit, but it was just a flash. She quickly retracted her gaze. There was no look in her eyes, and she could see that she was in pain now.

Lin Ziming sighed. He wanted to go up now and take Chu Fei away, but unfortunately, he couldn't do that.

After all, his strength is not strong enough!

He took a deep breath, got rid of all distractions, and asked intently.

On the second day, the first place was selected from the top thirty-two.

All of this is under Lin Ziming's control. His first opponent is a half-step master of the God Realm. His strength is very good, and his combat experience is also very good. In this battle, Lin Ziming has shown the power of the God Realm. , Crushed the opponent.

After this battle, there was an exclamation again, and it was obvious that no one had thought that Chu Lin, who seemed so humble, had the power to

pass the gods!

This is incredible.

Someone slapped his head and said: "I suddenly remembered that this Chu Lin seemed to have been to the secret realm the last time the secret realm was opened! This guy is so low-key that so many of us have forgotten about it. ."

"It turns out that he is a master of the gods...this guy can still bear it."

Many people expressed surprise. Even Tian Jue was a little surprised at this time. He looked at Lin Ziming again, and this time he looked at it very seriously.

Lin Ziming was still a little nervous in his heart, but he quickly suppressed this emotion, and his face showed the emotion that his identity should have. Proud, nervous, excited...

Tian Jue nodded again, agreeing with Chu Lin's identity.

Then, Lin Ziming entered the top sixteen, eighth, four, and went all the way to the final!

After he reached the final, Chu Lin's name was completely spread.

Chu Fei also heard this name for the first time, and she mumbled, Chu Lin, Chu Lin, I don't know why she always has a familiar feeling.
