

Chapter: 2442

Especially in front of so many people, it was even more unacceptable to him. For a while, he had a strong murderous intention on Lin Ziming, and he didn't plan to keep his hands anymore, and directly used all of his own strength, it is necessary to directly crush Lin Ziming.

How could Lin Ziming not feel his thoughts?

The corners of his mouth also rose slightly, revealing a meaningful smile.

In fact, he simply didn't put his opponent in his eyes and said something bad, even if he stood still, the opponent would not be able to defeat him.

What he is thinking about now is how to deal with it after he wins the opponent?

Especially on the side of Tianjue, this is what he needs to consider most.

In a short period of time, he thought of many possibilities in his mind.

On the one hand, he made a gesture that was difficult to resist on the surface, and he was already at a disadvantage.

However, he has never been defeated. It seems to people that he is just a candle in the wind, which must be extinguished at any time, but because of his tenacity, he has not been blown out all the time.

After a full half an hour, Lin Ziming was not defeated, and he slowly walked out of the disadvantages. This kind of situation made everyone on the scene admire him, without thinking that in the martial world, in addition to such a super arrogant as Xiaoyao Wang, there is also a person called Chu Lin. The point is that they have never heard of this person before.

At this moment, Chu Lin walked into everyone's eyes.

There are even many people who compare Chu Lin with Lin Ziming.

However, what none of them could think of was that the so-called Chu Lin was Lin Ziming!

Finally, after fighting for a while, Chu Lin found an opportunity that passed by in a flash, and fought back brazenly, actually defeating the opponent!

"This, this, this..."

The opponent was lying on the ground and looking up at Chu Lin. He only felt that his face was incredibly unbelievable and unacceptable. He actually lost. As the arrogant of Heaven Killing Sect, after King Xiaoyao was killed, he was in Heaven Killing Sect. , Is the most powerful!

Originally, he was bound to win this election of son-in-law, but now, he has actually lost, and he is still defeated by an unknown person!

This matter really made him unacceptable and he vomited blood directly.

Many people off the court are demented, looking at Chu Lin incredibly. From the beginning, they didn't have a bit of fame. Until today, no one has any optimistic little people. They actually came to the end and became the last. The winner?

Not to mention the ordinary disciples, even the high-level leaders, at this

moment, they were all surprised by Chu Lin, amazing!

They didn't have any doubts about Chu Lin's identity, but after Chu Lin's action just now, they had dispelled such doubts and determined that Chu Lin belonged to their sect world!

In this way, many people have also begun to hit Chu Lin's idea...

Including Tian Jue, he didn't have too much eyes on the so-called election of son-in-law, but he did not think that a character from Chu Lin actually appeared, which really surprised him.

He looked at Chu Lin deeply, trying to see through Chu Lin, but no matter how he looked at it, he still couldn't find out what was abnormal in Chu Lin, so he dispelled this speculation in his heart.
