

Chapter: 2444

The next step is to hold a wedding.

That night, Tian Jue couldn't wait to marry Chu Fei.

Tian Jue was so hurried that many people were a little unexpected. Many people thought that it would take at least a few days before Tian Jue to prepare for this marriage. After all, Nangong Wuxia was his daughter. On the first night, it seemed a bit too hasty to marry Nangong Wuxia.

Faced with this situation, Chu Fei can be said to have been shed tears, and her heart is extremely painful and suffering. She even thought about the idea of suicide!

She couldn't accept the scene of betraying Lin Ziming by herself!

However, Tian Jue tapped her acupuncture points, and she had no room for resistance at all.

As a victor, Lin Ziming was able to become Tian Jue's son-in-law, and I don't know how many people envy him.

That night, he put on the groom's costume, a festive celebration, became the focus of the audience, and many people were toasting to him.

Lin Ziming refused to come, his face was red, and he was very happy, so that people could not see the slightest thoughts in his heart.

Finally, after all the procedures were completed, he saw Chu Fei wearing a red hijab, and at the first glance he saw it, his heart was hot.

I almost wanted to shout out.

Seeing Chu Fei wearing Xiuhe clothes, Lin Ziming felt that time traveled, as if he was returning to the moment he became the son-in-law of the Chu family a few years ago.

Chu Fei that night was also wearing a bright red Xiuhe suit.

Also wearing a red hijab.

Time seems to have returned to the original point at this moment, so familiar. To be honest, Lin Ziming's heart was hot, his nose became sour, and he almost shed tears.

Fortunately, he stubbornly held back it, immediately lowered his head, calmed down his mood and expression, he has reached the final step, in any case, he can't show his feet here!

At this time, the matchmaker took Chu Fei's hand and walked over, and let Lin Ziming kneel in front of Tian Jue together, while someone nearby shouted loudly: "Wow!"

Chu Fei knelt down numbly, and Lin Ziming knelt down beside her.

"Second worship Gaotang!"

The two worshiped again.

"Husband and wife worship!"

After hearing this sentence, Chu Fei's body was trembling violently, and she could see that she was struggling and was unwilling to do so. But then Tian

Jue coughed softly, and she was completely out of her control, kneeling down obediently, and bowing to Lin Ziming.

Lin Ziming took a deep breath and bowed to her.

At this moment, Lin Ziming was very excited and complicated.

This is the second marriage between him and Chu Fei, which is really amazing.

Then, it is to make a cup of wine...

After all the procedures were completed, Chu Fei was already in tears. Her heart was extremely painful. For her, this was the betrayal and betrayal of Lin Ziming, which caused her torment.

However, she could not do anything, because Tian Jue threatened her with Lin Ziming's safety!

If she doesn't do as required, then, waiting for Lin Ziming to come to Killing Heaven Sect will be a dead end!

After she had seen the strength of Heaven Killing Sect, she knew very well that if Lin Ziming really came here, then life and death would have been in the hands of Tian Jue.

She really can't accept Lin Ziming's accident, so in order to save Lin Ziming, she would rather sacrifice herself!

She had made a plan in her heart, as long as Lin Ziming escaped from danger, she would end her life without hesitation.

She would rather die than be touched by a second man.

She returned to the room almost like a walking dead.
