

Chapter: 2445

Lin Ziming felt the pain and despair in her heart, and sighed in his heart. Many times, he wanted to hug Chu Fei strongly and tell Chu Fei that he was Lin Ziming!

However, he still held back it, because he knew that once he did this, what awaited him and Chu Fei would be overwhelming, and he would never do it. After depressing this kind of emotion that shouldn't be, he began to accept the toasts from these people and drank himself very drunk. After the time was almost up, he staggered to the bridal chamber.

When he was about to get to the room, a person suddenly appeared and stood in front of him.

After seeing this person, Lin Ziming's heart suddenly shook, and his nerves tightened a lot!

Because this person is no one, he is absolutely heavenly.

Tian Jue stood in front of him and stared at him like this.

Lin Ziming's mind moved quickly, wondering why Tian Jue would stop him here.

Could it be Tian Jue who discovered his identity?

No, this is unlikely. If Tian Jue really discovered his identity, he should have taken action long ago instead of stopping him at this time.

"Yue, my father-in-law..."

Chu Lin looked like a drunkard, and he spoke with some big tongues.

Tian Jue stared at him, and didn't know what was wrong with him, then nodded and said, "Chu Lin, wait for you to take this pill for Wuxia."

As he said, Tian Jue opened his palm, and a red pill the size of a finger appeared.

This behavior of Tian Jue really surprised Lin Ziming. He asked calmly, "Father-in-law, what kind of pill is this?"

"You don't need to worry about this, just do as I do." Tian Jue said lightly.

Lin Ziming let out a cry, and took the pill in Tian Jue's hand directly, and then staggered into the room. He couldn't see it at all, his heart was already murderous.

After he entered the room, a person appeared behind Tian Jue.

It is the Supreme Elder Kunlun.

"Tian Jue, are you planning to do it tonight?"

"The aura in Wuxia's body has matured." Tian Jue said faintly, and a strange madness was revealed in his eyes.

Kunlun said after a while, "If you take away the aura from Wuxia's body, will she die?"

Tian Jue answered immediately, but after a while, he said lightly, "This is her mission."

Kunlun looked at him, shook his head, said nothing, and disappeared soon.

On Lin Ziming's side, after he entered the room, he immediately saw Chu Fei sitting on the bed.

Chu Fei now is so quiet, so beautiful, and so weak, which is distressing.

When Lin Ziming saw her like this, his heart suddenly became hot.

He closed the door with his backhand and walked in slowly.

After Chu Fei heard his voice, her body immediately trembled, obviously very excited.

Finally, Lin Ziming walked in front of her, sat opposite her, looked at her deeply, and then gently lifted off her red hijab.

Chu Fei's picture was revealed, beautiful but tearful, full of pain.

When Lin Ziming saw this scene, his heart trembled fiercely.

He couldn't help but stretched out his hand, wanting to help Chu Fei wipe the tears.

"Don't touch me!" Chu Fei reacted with excitement.
