

## Chapter: 2447

Not only lied to her, but also lied to everyone.

Lin Ziming said softly: "It's really me...this is a new skill I learned after I came out of the secret realm..."

Then, Lin Ziming talked to Chu Fei about the events of this period of time. After Chu Fei listened, she let out a long sigh, and a holding heart finally relaxed a lot, but immediately she suddenly thought of something, and quickly said nervously: "No! This is killing the sky. Zong, there are many super strong guards, especially my father Tian Jue, his strength has reached a terrifying state, Ziming, you can't save me!"

Lin Ziming looked at her deeply and said, "Feifei, don't worry, I dare to come, it shows that I have absolute confidence in saving you!"

Next, he told Chu Fei his plan again.

And after Chu Fei listened, the expression on her face also loosened.

However, she was still extremely worried, and, during the time in the detention of Tianzong, she had a general understanding of the power of Tianzong. If it was just Lin Ziming, it might be possible to escape, but, if you add her such a conspicuous burden, it would be extremely difficult to escape from the Heavenly Killing Sect! ! !

She bit her lip, still made a difficult decision, pushed Lin Ziming away, and said, "Ziming, you should leave by yourself."

When Lin Ziming heard these words, he was taken aback, and said quickly: "Why?!"

"Because it's too dangerous." Chu Fei shook her head, not wanting Lin Ziming to risk her.

When Lin Ziming heard these words, he was moved and helpless. He shook his head and said, "Fool, I have come to this point. How can I give up? Besides, we are a husband and wife and we have been here for so many years. Now, even if there is a sea of swords and flames ahead, I will not abandon you!"

"but....."

"No, but don't you believe in my ability?"

Chu Fei and Lin Ziming looked at each other, and finally chose to nod their heads, firmly squeezed Lin Ziming's hand, and clasped her fingers together, "Ziming, we will never leave, the next life, the next life, we will be together!"

Lin Ziming also showed a brilliant smile and nodded vigorously, "That must be! We will always be together forever. Then, follow my arrangements, and we will definitely be able to leave here!"

"Good!" Chu Fei nodded vigorously.

In the middle of the night, Lin Ziming secretly came out of the room first. He changed into Chu Lin's appearance, and moved extremely quickly,

quietly eliminating all the people around the handle!

He also quickly went to see the escape route and found that there was no problem. It was midnight in the middle of the night, when the defense was the most lax, so he came back, took Chu Fei, and left here together!

He has worked out this plan in the past few days. As long as he handles it well, I believe there is still a high probability that he can escape from the Heavenly Killing Sect!

Chu Fei was now in the second stage of the Innate Realm. Although her body was extinct and put a taboo in her body, after this taboo was forcibly untied by Lin Ziming, the impact on her body was not too great.

She put on a night clothes and left with Lin Ziming.

However, just as long as they had been away, somewhere in the Heavenly Killing Sect, Tian Jue's mansion, suddenly, he opened his eyes, flashed the light, and said in a deep voice, "There is a situation!"
