

Chapter: 2450

However, on the fourth day, he discovered that Chu Fei's situation was not right. .

Originally Chu Fei's physical condition was still very good. On the fourth day, Chu Lin's body suddenly became weak, her breath was constantly weakening, and she looked sick.

However, this is an abnormal thing, because Chu Fei is a master of the innate realm, and the restriction on Chu Fei's body has been lifted by him, how could something happen suddenly now?

At first, Lin Ziming thought that Chu Fei had only eaten for three days, so her body couldn't stand it anymore, but soon he discovered that it was not the reason, but that Chu Fei had a problem herself!

And this situation is getting worse and worse!

"Feifei! What's wrong with you, did something happen?!"

Lin Ziming asked hurriedly.

Chu Fei shook her head, her lips were already a little pale. She grabbed Lin Ziming's hand and said softly: "No, Ziming, he has already discovered me. He made my body look like this. Soon we will He will find out. Now the entire Heaven Killing Zong has laid a net of heaven and earth, you can't run away with me. So, you still don't care about me, go alone, go as far as you go, and never come back again. It's..."

Lin Ziming was very angry when he heard these words, "Feifei! What are you talking about! How could I leave you? We are a husband and wife, and I will take you out anyway! Feifei, tell me now! I, Tianjue is on you, what the hell did you do and why are you like this?!"

Chu Fei still shook her head and said, "It's not useful, it's not useful. I have such a natural physique, and the thing in my body is about to mature. He won't let me go, he will take it away... .."

At this point, Chu Fei's face became paler, and at the same time, her breath became weaker and weaker. Her situation really scared Lin Ziming, because Lin Ziming had never seen Chu Fei. Looks like! !

He hugged Chu Fei tightly and found that Chu Fei's body temperature was beginning to drop. At this time, he was completely panicked and kept asking, "Fei Fei! What happened, what happened? !"

Chu Fei still shook her head and said softly: "Ziming, you go, go, don't care about me..."

Could Lin Ziming abandon her?

The answer is definitely no!

Originally, according to his plan, he would continue to hide. After a long time, there will be loopholes in the Heavenly Killing Sect's Tianluo Dinet. Then it will be when he successfully breaks through with Chu Fei, but now, Chu Fei's Circumstances made him unable to stay any longer, he must

choose to break through forcibly!

Although he knows that this approach is very risky, but now he has no choice.

He hugged Chu Fei, lowered his head, and gently kissed Chu Fei's cheek, "Fei Fei, don't worry, I will definitely lead you to break through. Take a good rest."

After saying this, he held Chu Fei and walked out of here in stride.

Chu Fei felt his movements, and immediately opened her eyes wide, and said nervously and panicked: "No! Ziming no!"

However, Lin Ziming was determined, how could she be persuaded?

Sure enough, as soon as Lin Ziming came out holding Chu Fei, he immediately attracted the attention of the guard in front of him, and his gaze suddenly came over.
