Therefore, she really really didn't want to see Lin Ziming die in front of her. She would rather Lin Ziming be selfish, give up her and leave by herself. If Lin Ziming did this, she would not resent Lin Ziming, but would only feel happy.

It is a pity that she also knows very well that Lin Ziming is not such a person, and Lin Ziming will never let her go anyway, so this is also the most painful place for her.

Lin Ziming shook his head and said, "Feifei, don't say more. At this time, we must have the same mind as husband and wife."

Chu Fei bit her lip tightly and then sighed. At this moment, she also knew that no matter how much she said, it would be useless, so she nodded and started to do what Lin Ziming did.

After Chu Fei lay on his back, Lin Ziming pulled off his belt and began to tie Chu Fei and herself together. Only in this way could Chu Fei be tightly connected to him so that he could perform The greatest strength.

Maybe this kind of him can't beat Tian Jue, but it's more than enough to beat this group of chores.

After they leaned in, just this momentum was enough to crush people!

Lin Ziming was at the center of the storm, only feeling the stormy waves.

Fortunately, his psychological quality is strong enough, he just takes a breath, and he has adjusted his state to the best.

He was not afraid, even with a little excitement.

It seems to be burning his last light, to leave the strongest stroke in this world!

He was never afraid of death, he was just afraid that death was too valuable. But now, in his opinion, his death is not worthwhile.

If he can pull so many powerful men into the water and bring the final ripples to the entire secular world, then he is not afraid to die.

Besides, he is not alone. He has Chu Fei with him. At this moment, he feels that he is already worth it.

Besides, he might not die, maybe, he could really kill a bloody path!

Thinking of this, instead of fearing on his face, there was a bright smile on his face.
