

Chapter: 2455

But isn't it? In this case, Lin Ziming is already a turtle in the urn, and begging for mercy is Lin Ziming's only way out. However, Lin Ziming didn't do this, but was even more arrogant and arrogant. A hundred people are in sight!

Where to put their faces, you must know that they are not small people, but super masters of the first class, no matter where they go, they are upright and can cover the existence of one party.

Today, being able to reunite and encircle Lin Ziming is already the most important thing for Lin Ziming.

However, Lin Ziming didn't appreciate it at all?

If this is the case, then you Lin Ziming, go to death! ! !

"Arrogant!"

"I don't know how high the sky is!"

"Little Lin Ziming, dare to be so arrogant and arrogant, I think you are impatient with your life! Since you want to die, I will fulfill you!!"

"You really think that you are the number one in the world, right? You really thought that if you killed a few masters in our sect world, you thought our sect world was unpopular?!"

"Death!! Lin Ziming, today is your time to die, Lao Tzu swears that it will make you suffer the most painful and tortured means in the world, and let you beg for mercy like a dog in despair and regret!!"

Roars, anger, and various sounds, like waves, rushed to Lin Ziming, causing a huge pressure again. Even Chu Fei felt that her breathing was not smooth, and her whole body was trembling.

It's not that she was too courageous, but that this aura was too terrifying, so she couldn't bear it at all, and it was fortunate that she was on Lin Ziming's back, allowing Lin Ziming to withstand most of the murderous and malicious intentions. If there was no Lin Ziming, she would not be able to hold it for a second, and she would faint to death!

For Lin Ziming, these auras and murderous intents did not bring any pressure or burden to him. On the contrary, they were the fuel for his motivation and excitement. The meaning is also constantly expanding.

In the end, he clenched his fists heavily, his eyes swept across everyone present. In the next moment, his figure moved, and he shot directly first, attacking the most powerful man!

In this case, there is no point in sniping. This is not a game, but a life-and-death struggle. Moreover, time does not stand on his side, so he needs to use the shortest time to kill these people and break through the moment. The encirclement!

They saw that Lin Ziming actually dared to take the initiative to take the initiative, and was stunned for a moment, and then they became even more

furious, thinking that Lin Ziming was too arrogant, too much!
Especially the strong man who was attacked by Lin Ziming, he was a master of the God-passing realm, and his realm had reached the second-tier God-passing realm. In the entire martial world, he was ranked in the top rank and was defeated by him. The person in hand doesn't know how much. And now, Lin Ziming actually took his first operation. This is no longer as simple as putting him in the eye, but a naked humiliation!
How can he not be angry?

“Since you are so anxious to die, then I will fulfill you!”

This master's face was as sinking as water, and the murderous intent in his eyes was very rich, almost condensed into substance!

Almost when Lin Ziming arrived in front of him, he also made a move, which was also a killer move. He planned to directly kill Lin Ziming in the fastest and most brutal way!

If Lin Ziming is a free person, he would not dare to do this, but now Lin Ziming is still carrying a woman on his back. If he can't even beat this, then he will kill him.
