

## Chapter: 2459

But will Lin Ziming do this?

The answer is definitely no.

Under this situation, Lin Ziming made an action that made them feel surprised when they searched for someone. Lin Ziming didn't have Chu Fei as his shield. Instead, his legs were bent and he was heavily When it bounces, the whole person is like a huge spring, bouncing with great strength!

The speed was too fast. From his bounce to the heads of the four masters of the gods, he avoided the simultaneous attacks of the four masters of the gods. The total amount of time was only a blink of an eye.

It can be said that it is almost reaching the limit, and it is almost impossible for many people to react.

Including the four masters of the gods who were present, they were also taken aback. Obviously, they didn't expect that Lin Ziming would be able to get out of trouble even in this situation!

This is obviously incredible.

You know, Lin Ziming's knees are heavily thrust into the ground, so that they can jump out quickly, then to what extent is Lin Ziming's strength, and to what extent is his body speed abnormal?

They couldn't imagine it for a moment, and even in that moment, deep in their hearts, a feeling of fear was born!

Because they all began to wonder if Lin Ziming was the same person as them.

They don't have ever seen a master of the psychic realm who has such a perverted physical fitness!

After Lin Ziming bounced away, his movements looked very beautiful and amazing, but only he knew how thrilling it was to make this movement by himself.

It's also because he swallowed a hundred fruits in the secret realm, and after this period of time, he tempered his body to such a perverted level, otherwise, in the scene just now, he was already injured. Moreover, he might well protect Chu Fei and hurt Chu Fei!

Although he is now out of trouble, thinking about it, he still has some lingering fears in his heart.

But fortunately, this emotion was quickly erased by him, and now, he is about to start a counterattack.

Suddenly, his eyes and pupils began to dim, as if entering a violent state.

The four masters of the God-passing realm, seeing his appearance, suddenly felt a thud in their hearts, there was an indescribable panic and jealousy.

However, in the face of this situation, they are already veteran masters with extremely rich combat experience, and at the same time their psychological

qualities are extremely strong, so naturally they will not be frightened by Lin Ziming so easily.

Therefore, after they just glanced at each other, they immediately made a decision and continued to besiege Lin Ziming!

No matter what, they will kill Lin Ziming here, and they absolutely can't let Lin Ziming leave Heaven Killing Sect safely!

Otherwise, it would be a huge catastrophe for their entire martial world! ! !
