

Chapter: 2462

This sounded very plain, like saying something very understatement and irrelevant. However, it spread to the ears of everyone present, but it was full of pressure and murder, making everyone present. , I couldn't help but tighten up, and my heart seemed to be grasped for an instant!

But no, when Lin Ziming's words came out, it was simply murderous, like a demon god descending, about to begin to destroy the world, especially, in line with Lin Ziming's crushing posture just now, he killed five strong gods. It has already caused a huge momentum, and now that Lin Ziming's words are for everyone, it is a great coercion, and many people have lost all the thoughts of resistance in an instant, turning around and running.

It's just that their abacus is good, but can they escape Lin Ziming's palm?

That is, as they moved, Lin Ziming also started to move.

This time, he opened his arms, like a big Peng spreading his wings, and his whole person turned into a huge bird, sweeping away at everyone.
boom!

It was just a punch. After Lin Ziming chased the last Dzogchen master of the Innate Realm, he punched it, directly and easily, and punched the opponent's body through without any hindrance!

That person didn't even react to the reaction, and he had already fallen under Lin Ziming's fist.

After Lin Ziming punched a person to death, his speed didn't decrease in any way, on the contrary, it became faster.

Bang bang bang bang...

His speed can be said to have reached an extreme speed, and he kept rushing forward, no one could resist his punch, and all fell under his fist.

This scene seemed to be cutting grass, not killing people.

With one punch down, a blockbuster fell directly. Anyone who stood in front of him had no ability to fight back, and he couldn't even catch a punch.

Others, seeing this scene, are already scared to crack their bile!

"Devil, this is the devil!"

"Run, run..."

Everyone was stunned by the brutality and power that Lin Ziming showed at this moment, and fled with difficulty!

Chu Fei, who was on her back, was shocked when she saw this scene. Looking at Lin Ziming's profile, she even felt a little strange.

Such a slaughter Lin Ziming had never seen her before.

However, she didn't think so much, because she knew that Lin Ziming did it for her.

One minute, it only took less than one minute to add up, maybe fifty-five seconds, within a few miles of Lin Ziming, there were no people alive, all of them fell on his pair. Under the iron fist!

You know, this is the elite power in the martial world. Even the weakest, it is the realm of the Great Perfection of the Innate Realm, but now, it is all dead in the hands of Lin Ziming.

Lin Ziming accomplished this feat in one breath, and his stamina was also consumed a lot, and he took a deep breath.

Suddenly, he felt something. He turned his head and looked at a person who came in the distance.

With a bang, the eyes of the two of them seemed to have collided together at this moment, even if they were separated by several kilometers, sparks were stirred between their eyes!

That person, it was Tian Jue, and this was the first time their eyes collided.

The corners of Lin Ziming's mouth began to rise, revealing a faint smile.

Facing Tian Jue's arrival, Tian Jue's surging murderous intent, he didn't have any fear, and some, it was just boiling warfare!

Compared with his smile, Tian Jue was much gloomier.

Now Tian Jue can be described as murderous, his face is gloomy, and his eyes do not conceal his murderous intent towards Lin Ziming!

However, Lin Ziming did not linger, waiting for him to come, but immediately turned his head, looked directly in the other direction, and rushed away!
