

## Chapter: 2464

Lin Ziming successfully broke through the encirclement circle and escaped under Tian Jue's nose.

If this were to be said, it would have been a feat, but he did not have the slightest pride and pride, because he knew that the space where he could move was even smaller.

Being late, he will run into Tian Jue.

The entire Heavenly Killing Sect, all the elite powerhouses, are moving closer to him, and it won't take long for him to completely surround him. When that happens, it will really be difficult for him to have a chance to break through again.

In any case, no matter how critical the situation is, he will not give up. He will definitely bring Chu Fei and succeed in breaking through, even if it is, no matter how high the price is!

Now, he can feel that he still hasn't reached his limit.

He still has a chance.

In the next three hours, Lin Ziming ran and broke through with Chu Fei on his back. There were countless strong men who died under his fist.

He is like a god of war, invincible, no matter how many strong people stand in front of him, no matter how strong he is, he still smashes a blood path with his own pair of iron fists!

However, he is always a human being, not a god, no matter how strong his strength is, there is always a limit.

He is now panting, and after three hours of fleeing, although many people died in his hands, he was not injured.

On the contrary, in fact, he has already suffered serious injuries on his body now.

He now has a lot of blood on his body, part of it is his own, and part of it is someone else's.

However, no matter how badly he was injured, his eyes were still very firm and full of confidence, and he would not give up until the last moment.

For Chu Fei, it was a torment. She watched Lin Ziming get injured because of her and fell into danger.

She wanted to say it many times, let Lin Ziming let her go.

But she knew that this was useless, and Lin Ziming would not listen to her.

All she could do was hug Lin Ziming tightly, tears kept flowing.

"Lin Ziming, you can't run away, stop."

Finally, after running for three hours in a row, Lin Ziming can be said to have run the entire Heaven Killing Sect, and now, he is finally surrounded by groups.

He was breathing heavily, his forehead was full of sweat. But his eyes were still very firm.

There was no panic and concession, but Chu Fei tightly put her back on her back.

At this time, he saw Tian Jue coming out, his expression gloomy and full of murderous intent.

In addition to Tianjue, there are many high-levels in the martial world, top powerhouses.

In this situation, although Lin Ziming was very unwilling, he also had to admit that he had already reached a dead end, and there was no possibility of escape.

He is not afraid of death, but feels very regretful that he still has many, many things to do...

Tian Jue walked out, stared at him, and said, "Lin Ziming, just grab it with your hands."

Lin Ziming just smiled, "Do you think it's possible?"

Tian Jue's face became cold, "I don't repent, if that's the case, then you go to die!"

After he finished speaking, he directly launched a fierce attack on Lin Ziming.
