

Chapter: 2466

“Kneel down, otherwise, die.”

Tian Jue stepped forward, carrying his hands on his back, and said coldly. He looked at Lin Ziming’s expression as if he was looking at an ant, which was crushed by him at any time.

Seeing this look in his eyes, Lin Ziming felt very upset. If he was in a heyday, he wouldn’t have to be afraid of Tianjue at all.

It’s a pity that he is really hurt too badly now, which has caused him to have no physical strength, especially after receiving a punch from Tian Jue, he can now be said to be in a state of exhaustion.

Now his heart is sinking continuously, and he is beginning to accept the fact that he may really die here.

Ugh!

However, even if he dies, he still has to pull others back!

After thinking about this, he directly furious, gritted his teeth, and rushed in the other direction, no longer entangled with Tian Jue.

After seeing his behavior, Tian Jue suddenly changed his face, frowned, and said angrily: “Zhuzi, how dare you!”

He still couldn’t see it, Lin Ziming wanted to jump over the wall in a hurry, and he had to pull people back before dying.

For him, Lin Ziming is already a turtle in the urn, and there is no possibility of escape.

However, if Lin Ziming becomes fierce in the end, he really won’t be able to take Lin Ziming so quickly for a while.

Therefore, at the moment Lin Ziming moved, he also started to move, chasing Lin Ziming.

Lin Ziming gritted his teeth, he no longer has any reservations, and directly released his full strength, like fireworks, completely burning himself at the last moment.

Illuminate the entire night sky.

Those who had stood in front of him immediately became his targets.

“Run! This guy is crazy!”

“Hurry up, this guy is going to work hard...”

“Ah!! Sect Master, come and save us...”

Within a few seconds, under Lin Ziming’s fist, there were several more grievances.

Those who originally saw him unlucky, are now frightened one by one, and quickly dispersed, not daring to fight Lin Ziming recklessly.

Of course, it’s a huge sect of Heavenly Killing, a world of sects, and there are still many strong people, not just idiots. Although Lin Ziming’s counterattack is scary, not everyone is scared, there are still quite a few people who dare Lin Ziming shot.

Among them, the second-tier god-level powerhouse who lost to Lin Ziming in the finals that day was among them. In the past few days, he wanted to shoot against Lin Ziming many times, but he held them back because of Lin Ziming. His strength was too terrifying, he knew that with his strength, facing Lin Ziming, there was only one dead end.

Therefore, no matter how much he hates Lin Ziming, he dare not take risks. But now, Lin Ziming is clearly at the end of the crossbow, with the oil exhausted and the lamp dry. This is his best opportunity to attack. As long as he can kill Lin Ziming with his own hands, then he will become famous and step on Lin Ziming's body. !

After all, Lin Ziming is now a well-deserved powerhouse, the chosen son of this era.

Now that Lin Ziming is bloody, panting, fighting against the trapped beasts, how could he let this opportunity go?

“Lin Ziming! Die to me!!”

Finally, he caught a great opportunity, roared, his momentum skyrocketed, and with the most powerful posture, he rushed towards Lin Ziming and wanted to directly kill Lin Ziming.

His eyes were filled with excitement and excitement. He could see that Lin Ziming was already scarred and his movements were much slower, just like a camel that was about to die. As long as he punched it, End Lin Ziming!

After Lin Ziming saw him, his face was shocked, and he started to panic, wanting to step back.
