

## Chapter: 2467

When he saw Lin Ziming's appearance, his heart became more determined. Lin Ziming had already run out of oil and the lamp was dead, and it was no longer a threat to him.

When he thought of the scene where he could beat Lin Ziming to death, his fame moved the world, he was so excited.

When it was said that it was too late, he had already arrived in front of Lin Ziming and launched the most domineering and fierce blow to Lin Ziming.

At the same time, he also exposed his flaws.

However, at this moment, he suddenly saw Lin Ziming's originally panicked face, and a joking smile suddenly appeared. He suddenly felt tight and had a bad premonition!

Could it be...

"You got Fooled."

Just when he was about to retreat, he heard Lin Ziming's ridiculous voice in his ears in the cold.

Then, he saw a scene that made his scalp numb and lost his soul.

I saw that Lin Ziming attacked suddenly, where is the decadence and weakness just now? It was completely subversive, and he hit an extremely sharp punch, so fast that he couldn't dodge it, and it hit him directly in the neck.

There was a bang, and it was cut off.

His body also flew upside down.

He opened his eyes wide and his expression was unbelievable. He couldn't understand why Lin Ziming still had such strength at this time?

When his body fell down, he was already dead.

Lin Ziming gasped, regardless of how powerful he was just now, in fact, he was really at the end of the battle.

Now, he really has no strength.

However, he was still laughing, standing up straight and laughing.

"Hahahaha..."

Seeing these people around him, he didn't dare to step forward for a while, and he laughed louder and more wanton.

Now he is surrounded by people, and they are all first-class masters, gathering the strong elites of the whole martial world, and every one who goes outside is a big man who can give orders to one side.

Facing such a Lin Ziming now, they had to feel admiration and appreciation in their hearts.

In any case, Lin Ziming's actions today are too domineering. He would rather die than surrender. Even if they are enemies, they have to admit that Lin Ziming is a man.

Tian Jue's face was ugly, and he walked out again, "Lin Ziming, you will

thwart you!!”

After saying this, Tian Jue no longer kept it. He wanted to take action personally to kill Lin Ziming.

Lin Ziming looked at him without any waves in his heart, but said softly to Chu Fei behind him: “Fei Fei, grab my hand, we will live as a husband and wife in the next life.”

Chu Fei’s eyes were blurred by tears, she could only nod desperately.

The next moment, Lin Ziming moved. He was obviously already running out of oil, and his speed was a bit faster than Tian Jue. When Tian Jue was about to catch him, he jumped and jumped directly off the cliff .

His action not only exceeded everyone’s expectations, but immediately made everyone feel reasonable.

Besides jumping off the cliff, does Lin Ziming have other options?

However, even if he jumped off the cliff, Lin Ziming definitely had no chance of surviving.
