

Chapter: 2472

Lin Ziming subconsciously wanted to refuse, but when he saw the last hope in Chu Fei's eyes, he couldn't say anything to refuse.

He knew that this was Chu Fei's last time.

The light in Chu Fei's eyes is gradually disappearing...

He opened his mouth, and finally a thousand words turned into a single word: "Okay!"

After Chu Fei heard the word, a smile appeared on her old face again, and then, this happy smile was fixed on her face forever...

Lin Ziming's body also stiffened. He had forgotten how he landed on the ground. He held a position now and hugged Chu Fei for a long time.

Until Chu Fei's remaining warmth disappeared, her body began to stiffen.

Lin Ziming felt that his heart had been split, a kind of loss and emptiness that had never happened before, swept his heart, and overwhelmed him.

He didn't know how long it took before he felt it. The sky was raining, just like his mood. Even the heavens felt his sadness and began to cry.

Chu Fei went.

He has absolutely confirmed this.

Chu Fei poured all of her vitality into his mouth, so rich that it was incomparable to a hundred fruits.

Melted into his whole body, into his internal organs.

Let him drain his body and restore his peak state, allowing his cultivation to break through, directly taking the legendary step, successfully breaking through the realm of the gods, and reaching what a human on earth has never achieved before. realm!

Now he can no longer be said to be a human, but has evolved into another form and entered another, more advanced level.

This is also the realm that all masters of the God-Communication Realm dream of, and it is everything Tian Jue has spent most of his life pursuing.

Now, by Lin Ziming.

The price is paid for his love!

At this moment, Lin Ziming's body is undergoing various violent changes. His body is constantly exploding. This is Chu Fei's remaining vitality. He is transforming his body, allowing his bones, internal organs, and flesh and blood to be continuously reorganized. .

This is an extremely painful and tormenting process, let alone ordinary people, even masters of the Divine Realm, absolutely can't bear this kind of pain, it will be painful to die and live!

This kind of pain is much stronger than after he swallowed a hundred fruits in the secret realm!

However, Lin Ziming didn't even say a word, and his body didn't move. The whole person seemed to have a soul, and became a shell, indifferent.

Only in his eyes can immense pain and sorrow projected.

However, this is not because of the pain of reorganization of the body, but the pain of losing his beloved one.

Finally, it seemed that after a long, long time, the reorganization in his body stopped.

Now he finally completely digested the vitality that Chu Fei gave him, and became the strength in his body, changed into his body, changed into his life form, and allowed him to step out successfully. At that step, we entered a whole new realm.

He is now more than a hundred times stronger than before?

But he was not half happy, and some were just endless pain and regret.

At this moment, still in the air, among a certain cloud, a conversation came.
