

Chapter: 2473

“This Lin Ziming’s will is really firm. He can bear the pain of body reorganization without expression. He is a good seed.” It was a man in armor who spoke. He was in the clouds, looking at Lin Ziming. Does not hide his appreciation of Lin Ziming.

He has seen a lot of geniuses, and he has seen countless geniuses with a higher talent than Lin Ziming.

However, the willpower can be as strong as Lin Ziming’s, and in the face of the pain of body reorganization, he can bear it without changing his face. There is really only Lin Ziming.

Even if it was him, when he was facing a physical reorganization, he couldn’t bear it, and he rolled frantically on the ground in pain.

The eldest lady looked at Lin Ziming and nodded secretly, without concealing her appreciation and praise for Lin Ziming, “This earthly person is very good and has already successfully taken that step. I am here on earth this time, and this trip is not in vain.what?!”

However, at this moment, Lin Ziming, who was on the ground, seemed to feel something. He raised his head and looked in their direction with sharp eyes.

His sudden gaze surprised the eldest lady, apparently she didn’t expect that Lin Ziming would be able to spot them.

The armored man next to him also yelled out in surprise. For them, Lin Ziming shouldn’t have spotted them.

Especially, Lin Ziming looked at them with the slightest gratitude, on the contrary, it was full of hostility!

The man in armor frowned at this moment and said, “It seems that he can see it.”

The eldest lady was silent for half a minute, and then said: “He is very smart, and I am more interested in his future.”

Hearing this, the man in armor nodded slightly, not much to say.

At this time, many people appeared around Lin Ziming.

“Look, it’s him! Damn, this guy, who fell so high, is he dead?!”

“It’s really him! He was actually dead! How could this be possible!!”

“This is at least a kilometer high in the sky, even if he is in peak state, he has to fall into mud!”

“What’s the situation? Could it be that he can’t fly?”

“Hey, what’s the matter with the old woman in his arms? Hey, could this old woman be Nangong Wuxia?!”

More and more people saw Lin Ziming, they screamed, and they were extremely shocked that Lin Ziming could still survive.

Because, in their opinion, Lin Ziming must have fallen into mud when he fell from such a high place.

In Killing Tianzong, there is a punishment for anyone who commits a capital crime, that is, falling off the edge of the cliff, and no one can be spared.

Originally, they thought that Lin Ziming must be dead, but now that Lin Ziming is still alive, they feel unbelievable.

Soon, they found something was wrong. Lin Ziming seemed to have not seen them, his body hadn't moved before, and he was always holding the old woman in his arms.

Some smart people have realized that this old woman is very likely to be Nangong Wuxia!

However, why does such a young and beautiful Nangong Wuxia become like this?

You know, how long has passed since then.

At this time, there was a noise from the crowd, and then, several tall figures came out, and the one walking in the front was amazingly Tian Jue.

He saw that Lin Ziming was dead, and Chu Fei had become an old woman, and her face changed drastically!

Lin Ziming spoke at this time, in an extremely gentle tone, "Feifei, wait a moment here, swatter these flies that killed you, and then I will come back to accompany you."
