

Chapter: 2476

“Next, it’s your turn.”

boom!

After he said this sentence, his body became motivated and flew directly towards Tian Jue.

Yes, it flew over.

His body rises out of thin air, obviously without any support, but can stand firmly in the air, it looks like a superman in a science fiction movie!

And the most important thing is that his speed is reaching the extreme, and it has completely exceeded the limit that humans can reach.

At this moment, Tian Jue felt an unprecedented danger, making his scalp numb for an instant, unexpectedly a kind of extreme fear occurred, and his whole body became cold.

He has an intuition that he is not Lin Ziming’s opponent at all, and if he doesn’t run, he will die immediately!

Lin Ziming, who had broken through the God Realm, was too ferocious. He had reached a level that he couldn’t understand, and he couldn’t resist at all.

He made the fastest and most correct decision, and that is to run, run desperately!

Lin Ziming’s success proved that his idea was correct. He could also replicate a Chu Fei. As long as he was given enough time, he could still break through to the realm of abilities.

He is still young, and he still has a chance to do it.

This is his abacus.

Therefore, almost at the same time as he retreated, he shouted loudly: “All the disciples of the Killing Heaven Sect, desperately, stop this son!! Kill this son!!”

In an instant, the disciples of the Heaven Killing Sect in front of him all stood in front of Lin Ziming, trying to stop Lin Ziming.

This is an order from the suzerain.

In their view, Tianjue is invincible in the world, and it is impossible to fear Lin Ziming in a single encounter. Therefore, the Sect Master left them the opportunity to punish Lin Ziming.

“kill!!!”

“Kill Lin Ziming! Revenge for many senior brothers!!!”

“Come on...”

For a time, all the powerhouses of Heaven Killing Sect, united as one, became a rope, shouting in unison, rushing towards Lin Ziming.

Looking at it from a distance, this scene was extremely spectacular, and Lin Ziming used his own power to fight against the entire Heavenly Killing Sect. No matter from which point of view, Lin Ziming is a mayfly shaking the tree, and the presence of a praying man’s arm blocking the car will soon be

crushed to death.

However, they didn't know until they actually collided, and the situation was reversed.

Lin Ziming was like a sharp sword, thrusting it heavily into the ant nest, and stabbing all the ants in front of him. Anyone who stood in front of him could not stop his footsteps and was directly pierced. , The silhouettes of the road flew out backwards.

This picture is extremely spectacular.

Bang bang bang bang...

All kinds of punches to flesh, all kinds of fractures, all kinds of screams, all kinds of screams, spread all over the audience, at this moment, it became a Shura field.

The entire powerhouse of the Heavenly Killing Sect was defeated by Lin Ziming in less than half a minute, and no one could stop him.

Even for a top powerhouse like Kunlun, he didn't have any power to fight back in front of Lin Ziming. With just one punch, Lin Ziming pierced his heart.

It was hard to imagine that he died like this.

When he fell down, he spit out a word with difficulty and pain: "Is this the world after the psychic realm? Strong, really strong..."

There are still many people around. They saw this scene, and all their eyes were straight!

Both legs are swinging.

They had never thought that Lin Ziming would be so strong that it was no longer a power that a master of the God-passing realm could master.

This is not a man, but a god!

Tian Jue's eyes straightened too, and his heart thumped and thumped non-stop, producing great fear.

Finally, he felt that Lin Ziming had chased him behind him, and his murderous intent was so strong that it could freeze into ice. He knew that he was not an opponent at all and would be killed in the next moment.

However, he really doesn't want to die!
