

Chapter: 350

“What’s wrong with your brother-in-law?!” Chu Fei grabbed Chu Tian’s shoulders excitedly. With so much strength, her nails were pinched into Chu Tian’s flesh, making Chu Tian grin in pain.

“Sister sister, it hurts, it hurts!”

Chu Fei had to quickly let go of Chu Tian, she didn’t know why she was so excited, she couldn’t help it at all, “Can you finish talking at once!” There was some anger in her voice.

Chu Tian was a little embarrassed by her yelling, and his neck shrank, and said aggrievedly, “I didn’t run all the way back, I’m so angry.”

Liu Suhong said to the side: “Don’t be fussy, and quickly talk about what happened. Did Lin Ziming’s trash cause something?!”

Chu Tian swallowed his saliva, took a deep breath by the way, let his anger calm down, and then said: “Sister, I saw my brother-in-law, he is at the Huacheng Hotel... By the way, sister-in-law, brother-in-law. Why don’t you go home?”

Chu Fei heard Chu Tian’s words, her heart was unstoppable, and her mood was complicated, her expression was gradually changing, and finally she said softly: “Did you really see him?”

“Yeah! I saw it with my own eyes, and there are still fakes!” Chu Tian was very proud. He couldn’t help feeling excited when he thought of Lin Ziming’s scenery just now. This is his brother-in-law, his dear brother-in-law!

“What did he tell you?” Chu Fei didn’t really want to ask this question, she seemed to be very useless, but in the end she could not help asking it out.

Chu Tian scratched his head and said dejectedly: “I still want to ask you, brother-in-law has seen me clearly, why does he ignore me.”

Liu Suhong said from the side: “He is a little bit ashamed, knowing that he has no face to see you! Your sister has divorced Lin Ziming, who is a trash, and you are not allowed to call him brother-in-law when you see him, you know! Go, save him shamelessly pestering you.”

“What?! Divorced!?”

Chu Tian jumped up, this message was really a bolt from the blue for him, he was completely stupid.

Liu Suhong slapped him on the head and cursed: “What are you doing with such a big reaction? If you get divorced and get divorced, this is a good thing, lest Lin Ziming continue to rely on our house and waste your sister’s youth.”

Chu Fei gritted her teeth and didn’t speak. She couldn’t figure out her heart a bit.

Chu Tian came back to his senses, and wailed, “Oh my God! Why divorce? My brother-in-law is a big man. Divorcing him is a huge loss for our Chu

family! I'm really fainting. !!!”

His reaction was extremely excited and exaggerated, and both Liu Suhong and Chu Fei were taken aback. Chu Huaxiong, who was reading in the study, also walked out and asked them what they were arguing about.

Liu Suhong said: “Chu Tian, your brain is burned out, just Lin Ziming's trash, what a big man.”

Chu Huaxiong frowned and asked, “Tian'er, what happened, please explain clearly.”

So Chu Tian didn't conceal what he had just seen. He told everyone what he had just seen. Finally, he panted and said with great excitement, “You all have never seen the scene just now. There are dozens of rich people. The powerful boss, downstairs in the Huacheng Hotel, was soaked in snow and waiting for his brother-in-law. He saw the brother-in-law as if he was watching his parents! Finally, the brother-in-law went to Rolls Royce and left, that is to say, the brother-in-law is a super big man. what!!”
